🎸 Get Ready to Rock with Maths! 🎸

Dear Parents and Carers,

We are excited to let you know that we have access to two fantastic online maths programmes to help children develop their number skills and times tables knowledge in a fun and engaging way!

NumBots – Reception to Year 2 http://play.numbots.com

NumBots is a colourful, exciting online game that helps younger children build strong foundations in maths. Through fun games, challenges and rewards, children develop their counting, number recognition, addition and subtraction skills. As they progress, they build confidence and become quicker at working with numbers.

Times Tables Rock Stars – Years 2 to 6 http://play.ttrockstars.com

Times Tables Rock Stars (TTRS) is a fun, interactive online game designed to help children become confident and fluent with their times tables. Children can create their own rock star character, earn coins, unlock rewards and take part in exciting challenges as they practise their multiplication and division facts. It's a brilliant way to make learning times tables fun!

Let's Get Practising!

Your child's username and password will be sent home in their planner this week.

We would love all children to log in regularly at home and enjoy practising their maths skills. It is amazing how regular practise can make a big difference to a child's confidence and fluency. The more they practise, the more rewards they can earn and the more their skills will grow!

Times Tables Rock Stars Day!

To celebrate the launch of these exciting programmes, we will be holding a special **Times Tables Rock Stars Day!**

Save the date of Wednesday 18th November! On this date we are inviting **ALL pupils to come to school dressed as a ROCK STAR!**

Whether it's a musical-themed outfit, a creative homemade costume, a rock star hairstyle or simply their own clothes, everyone is welcome to join in the fun! There is absolutely no need to buy anything special. Have a look at some ideas below for inspiration!

Throughout the day, children will enjoy a range of fun, exciting maths activities, with times tables and number challenges suited to their age group.

We can't wait to see our school filled with rock stars, ready to rock their maths learning!

Thank you, as always, for your continued support in helping your child become a confident mathematician.

Kind regards,

Miss Riaz
Assistant Headteacher
