October (this week)!

# JOURNALISM

Media Literacy

OPEN TO  
YR 11 to 13

**The Telegraph  
Media Literacy  
Programme**

Four week online Work Experience programme  
beginning on Tuesday 7th March 2022 –  
sessions are from 4 - 5pm every Tuesday

Open to students aged 16 to 19

*The Telegraph Media Literacy Programme aims to provide a deeper insight into what it's like to be a journalist, the importance of trusted and responsible news, and how we pull our news together every day across the newspaper, website and app. The programme will help you explore the different roles across the newsroom and provide information on how to get into a career in media and journalism.*

- Talks, presentations and activities involving editors from the worlds of sport, beauty, travel, politics, music, video, Snapchat and more
- Each week you will be set a journalism challenge to complete, which will relate to what you have learnt in the session; a journalist will look at all of the entries and the best entry each week stands to win a voucher from Amazon or ASOS
- If you take part in all four sessions, you will receive a Telegraph Media Literacy Journalism Certificate which will help with your CV and career planning; you also have the option to join our future talent pool to stay up to date with opportunities at the Telegraph

**Applications are open until 5:00pm  
on Friday 11th November 2022**

# UCL ENGINEERING

Workshop Series

OPEN TO  
SIXTH FORMERS

## The Many Types of Engineering

Let's shed light on the vast array of careers that exist in the industry

### Mechanical Engineer

A mechanical engineer works with a wide array of machines and dabbles in the laws of thermodynamics, stress analysis and technical drawing.

### Mechatronics Engineer

Mechatronics engineers work with all kinds of smart machines, from car assembly robots to human and medicine interaction.

### Electrical Engineering

Electrical engineers focus on the use of electricity and the large-scale supply of electrical power.

### Machinist

Also called an operative, a machinist is someone who handles the operation of a machine, meaning they can maintain, assemble and disassemble.

### Engineering Fitter

Fitters work in a whole range of industries fixing all kinds of machines, including high-speed trains.

### Fabrication & Welding

Fabrication and welding involves the process of forging two materials together to form machines using raw materials.

## UCL ENGINEERING

Change the world

Workshops for Careers in the  
Engineering Industry

For students studying Maths, Physics and  
Computer Science at A Level

**Weds 9<sup>th</sup> November:** Introduction to electronics

**Weds 16<sup>th</sup> November:** Arduino Programming

**Fri 18<sup>th</sup> November:** CAD design of part of a vehicle

**Weds 23<sup>rd</sup> November:** Building and testing the car

*Visiting lecturers from UCL Engineering will be delivering workshops on key focuses of the Engineering field, including robotics, 3D printing, applications of physics, circuit design & coding!*

*This workshop is being organised by Mr Hepburn in Twyford's Science Department – please email Mr Hepburn if you are interested. Participation requires parental/carer consent.*

# Information

*Clinics for students and resources for parents & carers!*

# CAREERS TEAM

Information, Advice & Guidance

OPEN TO  
ALL YEAR GROUPS

Miss Adams is the Careers Lead for Twyford CofE High School & the Twyford CofE Academies Trust

Miss Adams oversees the delivery of Twyford's careers programme and ensures the following:

1. Twyford had a robust Careers Programme that meets the expectations set out in the Gatsby Benchmarks
2. Twyford publishes the careers programme and arrangements for providers of technical education or apprenticeship talks to pupils
3. The further/higher destinations of students from the school is tracked and the information is used to improve the effectiveness of the programme

# KEEP CALM

AND

# VISIT CIAG IN M BLOCK

Miss Adams' office is located on the ground floor of Mudge Block in the Social Sciences corridor

Students can email [CIAG@twyford.org.uk](mailto:CIAG@twyford.org.uk) to arrange an appointment for careers

Twyford's Careers Strategy, Programme Information & additional resources can be found here on **COPIA**:

# FUTURE

# GREEN CAREERS

Quantity Surveyor & Project Management

ALL YEAR GROUPS

# GCW

GREEN CAREERS WEEK

7th – 12th November

## #GCW2022

Follow the Green Careers Week Twitter Account [@Green\\_Careers](https://twitter.com/Green_Careers) and go to [greencareersweek.com](https://greencareersweek.com) for information and a free graphics pack so you can get your school ready for #GCW2022!

Supported by some fantastic partners including STEM.org.uk, The Royal Society and the Met Office amongst others, we want to help teachers and young people get to grips with emerging technologies and careers that will change the world for the better. Around 60% of young people are 'worried' or 'extremely worried' about climate change, (according to a global survey conducted by Bath University in 2021) so we want to highlight the amazing career pathways they can follow to improve the future climate.

Degree Apprenticeships advice

OPEN TO  
SIXTH FORMERS

## HIGH FLIERS

Informative 75-minute programme  
broadcast for families

*The programme explains how degree apprenticeships can provide a debt-free alternative to the traditional university experience, whilst still leading to degrees from many of the UK's most prestigious and sought-after universities.*

- An interview with Clare Marchant, Chief Executive of **UCAS**, talking about how Sixth Form students can use UCAS to find out about degree apprenticeships
- Four presentations explaining 'What is a degree apprenticeship?', 'Which degree apprenticeships are available?', 'University or a degree apprenticeship?' and 'Where to find out more information on degree apprenticeships'
- An employer showcase of **50 major UK employers** in different industries & business sectors who will be offering degree apprenticeship programmes in 2023
- Tips, advice and guidance from **Lloyds Banking Group** and **BDO** on how to apply for degree apprenticeship and the selection processes that employers' use
- Interviews with current degree apprentices at **Dyson**, **PwC**, **Royal Navy** and **Rolls-Royce**
- Information on how solicitor apprenticeships offer an alternative route into the legal profession, from law firm **Eversheds Sutherland**
- The programme was presented by **Martin Birchall**, research director for the Department for Education's *Top 100 Apprenticeship Employers* and **Levi Jouavel**, presenter on BBC Three and a former BBC apprentice.
