KS4 Opportunities

UCL - Climate change engagement event

When: April 7th

Who is welcome?

Anyone who has a desire to learn more about what they can do to help our UK and global societies mitigate and adapt to the negative impacts of climate change

Click the blue button to book your virtual seat

Are you interested in grappling with some of the pressing issues — democracy, development, human rights, identity, poverty, religion, social change?

SOAS summer schools are for students in Year 12.

Each summer school students will have a mixture of activities, including interactive lectures delivered by academics, study skills sessions as well as access to resources and materials.

During July and August 2022 SOAS will be offering eight summer schools.

Please click on the individual links for more details and application forms:

VIRTUAL LECTURE SERIES
MON 25 – THURS 28 APRIL 2022

CRIMINOLOGY

The evolution of modern crime

MONDAY
25 APRIL
5 – 6PM

In this fast-paced digital age, crime is constantly evolving. During this taster lecture, Professor Kevin McDonald will be exploring the reinvention of modern crime; from hate crime and ransomware, to viral conspiracy theories. Want to learn more about studying Criminology at MDX? Ask Kevin in the live Q&A.

COMPUTER SCIENCE

The evolution of Computer Science

MONDAY
25 APRIL
4 – 5PM

Discover what it means to be a Computer Scientist in the 21st century. Led by Professor Franco Raimondi, this taster lecture will explore how Computer Science has evolved far beyond the use of a computer or smart phone. You'll discover the different career paths a Computer Scientist can take, and learn more about studying at MDX. Live Q&A included.

FILM & TV

Write to laugh: the secret to sitcom

TUESDAY
26 APRIL
4 – 5PM

What makes a hit sitcom so funny? Join Senior Lecturer Deborah Klika as she discusses how to develop and produce a stand-out show. You'll also get the chance to chat to MDX students, who'll be sharing their experience on writing and producing an episode of the hit Netflix show Kim's Convenience.

GAMES DESIGN

Gaming: From idea to design

MONDAY
25 APRIL
5 – 6PM

Want to create a new game that takes the world by storm? Join lecturers Josh Barton and Penda Tomlinson as they share their insights into the gaming industry and discuss the journey from idea and pre-production to design. Got a question? Ask away in our live Q&A.

**VIRTUAL LECTURE SERIES
MON 25 — THURS 28 APRIL 2022**

FASHION

Sex, gender, fashion and the body

Join MDX Fashion lecturers to examine the idea of 'The Fashioned Body'. In this live lecture, you'll explore how social 'norms' on sex and gender are commodified and coded into our daily lives through the fashion industry. Got a question? Chat to our lecturers in the Q&A.

**TUESDAY
26 APRIL
5 — 6PM**

LAW

The laws of a pandemic

From national lockdowns to mandatory vaccinations, the global approaches to managing the Covid-19 pandemic have been starkly different. Join Senior Lecturer in Law Dr Joelle Grogan as she shares her research and discusses the key challenges for democratic practices in emergency situations. Live Q&A included.

**WEDNESDAY
27 APRIL
5 — 6PM**

PSYCHOLOGY

Mind over matter: the key to resilience

Discover how to build psychological resilience and enhance your understanding of your own mind in this taster lecture. Led by Dr David Westley, Head of Psychology at MDX, you'll learn about the tools and resources you need to develop inner strength. Got a question? Ask David in our live Q&A.

**TUESDAY
26 APRIL
5 — 6PM**

INTERIORS

Studying Interiors at uni and beyond

After studying Interiors at university, what's next? Join MDX lecturers to gain practical advice on life after university and how you can apply your transferable skills in the professional world. Whether you're interested in studying Interior Design or Interior Architecture, this session will help you prepare for your first career steps. Don't forget to bring questions to our live Q&A!
