WHAT TO EXPECT

We will, wherever possible, provide hot meals – returning to service on Week One of the menu children enjoyed prior to the closure of schools in March. If it is determined that a hot meals service cannot be provided safely (based on availability of space, equipment, school staff, etc.) then we will provide a temporary packed lunch offer instead. Please check your school's website for any revised menu choices, as well as for guidance on how to select your meals.

Safety will never be compromised, but there may be some changes to the food offer as we adapt to any possible supply challenges (which we have seen during the past few months). For example, we may have menu variations or product swaps if we can't get hold of certain ingredients, but these will be made in consultation with your school and will not impact children with special diets.
