- It's a lovely little school with only 1 year group per year and as result I feel you can tell it is a community. Many times I've had children from the other years speaking to my daughter and her friends and my daughter telling me how she plays with other year groups during break times. I feel like all the staff are aware of your child and which year group they belong to. On many occasions I've witnessed Mr. Cockcroft at the school gate welcoming the children for the morning, speaking to each child by name, which I haven't seen in schools of a larger setting.

- Both of my children may not have attended here since the very beginning and started in later years, but they have both been very happy, supported, made friends and their education has been great! The consistency of the staff within the school has been great and my children know who they can go to for support. They have both come on leaps and bounds since starting at Heap Bridge. All teachers I have dealt with have been more than happy to speak to me and/or my partner and my children always receive praise when they feel necessary (the whole school celebrates the children and achievements).
- My child is very happy here
- Heap Bridge is a good school with teachers and staff that genuinely care about the children.
- that we've had a positive experience so far. The staff are supportive, the environment is welcoming.
- It's the best primary school In Heywood! Not too big & crammed with multiple intakes like a lot of other schools. Which makes it feel more personal to the children & their families.

Any other comments?

- Jack had had Miss Myatt for 2 years and I can't thank her and the support staff enough. He is doing really well and importantly is really happy. His confidence has come on leaps and bounds. Another thing I really appreciate is that the children don't come home with a ridiculous amount of homework. Jack reads his school books every night and does his phonics sheet and spellings/handwriting at the weekend. I feel that this is a reasonable and achievable amount of homework for his age without putting too much pressure on him.
- Fab school, always nice to see updates on dojo on what my sons been up to at school
- I feel the school needs to take more pride in the areas around the school such as paths. I understand this comes at a cost but ensuring walkways are clear from dog poo is a simple task.
- I would like to thank every member of staff at Heap Bridge for building such an outstanding school
- Thank you for all you do for my son.
- Yes, well done heap bridge amazing school. And thank you for all your support I appreciate it x
- I'm lucky that my children love this school!
- I am especially happy with the help from Miss Porter in the office, she is always happy to help weather it is a child, parent/carer or grandparent etc. She goes above and beyond to support wellbeing! She is very understanding and I can tell that the children adore her too!
- Thanks for all that the staff do throughout the year, it's very much appreciated. Also please can we ban Mrs Clarke from leaving 🥹💗
- School often tells me what isn't going well for my child but not always enough about what school are doing to help, I feel sometimes it's left to me as the parent to deal with inside school behaviours. This adds a pressure on the parent to fix things alone. Emails sent to the school office are not dealt with in a good timeframe & are often ignored with no reply at all. Communications to parents should be more coordinated e.g. we received 7 notifications on the same day on the dojo app about school events. Spread them out throughout the week, it's too much for parents to remember!
- Overall good school very happy that my child goes here
- The support I have had with my son, T, has been nothing but amazing … Mrs Clarke has been great with all my worries … Mrs Leith is exceptional and great support.
