Eco-Committee members not present:

What was discussed?

We discussed the importance of recycling once again.

We then went into each classroom to see what bins each class had and if they were being used effectively.

Most classrooms were not recycling all their paper and some classrooms didn't even have a recycling bin.

The children ensured that each class had two bins, a waste and a recycling bin.

Instead of buying new bins the children upcycled large empty plastic boxes found in school.

Next steps:

To contact the energy company to measure how much electricity we use within a day and what that equates to in money.

To discuss fund raising ideas to raise money for litter pickers.

Order new compost bins for KS1 and 2.
