Message from Mrs Crossley Nursery

It is now just a year since we were given the go-ahead to open a nursery class here at Aberford and what a year it has been! Our fantastic class 1 team have worked so hard during this year to re-map the curriculum to ensure progression of skills for 3 to 5 year olds and to set up the provision in the classroom. Mrs Sharp and Mrs Sadler work so hard every day to make sure that our youngest children get off to a flying start with their education. We have never failed to be amazed at how quickly the new starters have settled in to the routines of the school day, including participating in PE lessons, daily whole school collective worship and lunchtimes in the hall.

Opening nursery has been such a positive change for our school and we want to say thank you to the many people who have helped and supported us along the way with resources, advertising and most especially, word of mouth. Many of our potential parents tell us that the main reason they have come to look around is the recommendations from people they know.

Did you know?

Design and Technology

Design and Technology at Aberford Primary develops our young children's skills and knowledge in design, structures, mechanisms, electrical control and a range of materials, including food. It encourages children's creativity and encourages them to think about important global issues. Not only that, D&T gives our children the opportunity to develop skills, knowledge and understanding of designing and making functional products.

At Aberford C of E Primary School we feel it is vital to nurture creativity and innovation through design and by exploring the designed world in which we all live and work. In addition, Design and Technology teaches Maths and English skills and other subjects on the curriculum in a fun and inspiring manner and puts these subjects into context making them easier to understand.

Message from the Office Clubs

On Wednesday Tempest Photography will be in school taking group and family photographs. If you have any siblings who do not attend school, please feel free to come to the school hall at 8.30am to have your family photograph taken. All siblings who attend school will have a family photograph taken during the school day.

Attendance this week

Whole School	97.9%
Class 1	95.0%
