Week Eleven Revision Tasks

Your task this week involves the Early Elizabeth England revision booklet you have been given.

Your task is to complete pages 24-27 (inclusive).
You will need to describe the factor and then explain the impact it has upon Elizabeth. This could either be a positive or negative impact. Think about how it affects her ability to rule, the level of challenge she faced etc.

Please try and complete what you can from memory. If you are struggling, please use your work booklets to add knowledge. Please do this in a separate colour so you can see your areas of strength and areas of improvement.
