

# Elm Weekly News

**W/B 16.09.19**

**This Week...**we are working hard on all our topics and learning new things every day. In Geography we went to Haslam Park to follow trails and look for different features. Everyone was so well behaved that we even had time for a little play on the playground. ( No pictures unfortunately, somebody forgot to take the I pad!) In Science we are learning about Light and Dark. We experimented with torches and all went into a very dark space... we were all very brave but it was better when we turned our torches on!

We are all really good at completing our morning activities on arrival...we are getting very independent.

This week we have been talking about how to be a 'good friend' and we all practised some excellent turn taking. Well done everyone!

We had great fun making our Stone Age cave paintings:

## **Next Week...**

We will be visiting Haslam Park again to take photos of some of the features we saw last week so that we can use them to make a map. We have been sorting out our reading folders so we will be able to send them home for you to share reading activities and hopefully we will be doing some shopping at Sainsbury's.

## **Reminders**

Please remember class fund of £2 each week...it means we can go shopping and do some lovely baking in our Food Technology sessions  
Thank you to those who have already sent it.

## **And Finally...**

It would be very helpful if we could have photos of family members and other people who are important to your child, and not forgetting pets! It really helps in communication, PSHE and News activities. Thank you.

Also, we've been without Miss Susan this week, she's been poorly so we hope she's feeling better. We've all missed her!
