

Cedar Class News

This term our topic is 'People who help us.' We are learning about police officers, ambulances, doctors and nurses and fire fighters. We have lots of excited things planned.

Below include some pictures of the children working hard in some of the activities we have done, including morning work, colourful semantics, communication, role play and picnics in the park.

This term, our class story is police officers on patrol. We acted out police officers and robbers. We have also been working on our gross motor skills in PE with riding bikes and athletics.

This term, we also have lots of lovely trips planned and visits including Little Lancashire village and learning hands on with a visit from a paramedic and our school nurse.
