

# Cedar Class Weekly News

WC- 06.09.21

We have been very busy this week! Here are some pictures to show you the fun things we have been doing.

We have started to read a story about a tiger who came to tea. We will be doing more work on this next week.

This week has been very warm. We enjoyed exploring and playing with water and sand outside.

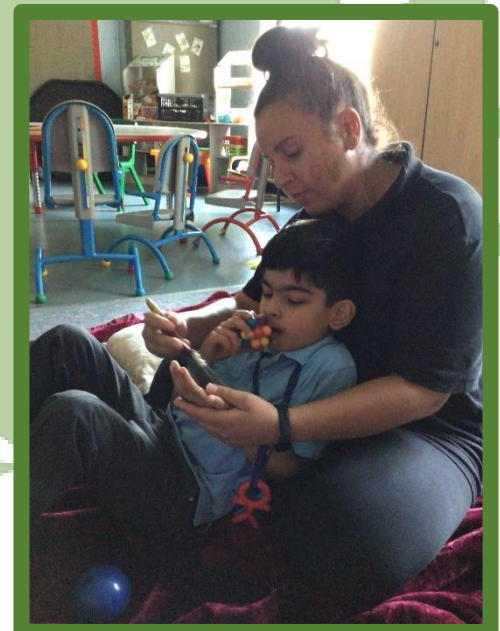

We have been mark making using lots of different materials.

We enjoyed a relaxing sensory session using brushes and weighted balls.

We have been in the Kitchen making rice crispy cakes. They were delicious!

We have been in the sensory room, enjoying the lights bubble tube and rocking chairs.

As a team, we have thoroughly enjoyed getting to know all the children and look forward to the weeks ahead! We've had such an amazing first few days and love seeing everyone settling in, exploring their new classroom, and interacting with all staff members.

Could I please ask everyone to bring in welly boots and waterproof clothing that can stay in school, as we will be beginning forest school sessions. Also in the next few weeks, we will be starting our weekly welly walk and we would like to be out in all weather!

Also, please could I ask that you send in a PE kit (top, shorts and pumps) for our PE lesson as well as sessions with Rugby Tots.

Finally, if I could ask for £2 per week to cover snack, messy play and baking ingredients, this would be greatly appreciated.

Again, we are very excited for this year, and we are going to have a wonderful time educating your children!

April, Val, Claire and Mel  
(Cedar Class Teachers)
