

We have had a brilliant week in Elm class, we loved bathing the dollies and taking care of them together in our role play session. Some of us have been visiting Sainsbury's each week too and learning how to stay safe when out and about. We have continued to work on phonics and have really enjoyed learning sounds and letters – we loved singing the alphabet song!

## Reminders!

Thank you for the donations for Comic relief on Friday 😊 the children enjoyed making their own red noses and painting a giant one using the rollers!

Our star this week is Cole for wonderful work each day at his workstation!

Just two weeks left till we break up for Easter and the weather is set to be lovely next week so please send in hats and sun cream if needed. Thank you 😊

The children really enjoyed fun with food this week – making their own sandwiches and tasting, exploring different toppings.

On Wednesday some children made St Patricks Day smoothies – they were green and made with bananas, green apples, spinach, yogurt, milk and honey. The children loved tasting all the ingredients and peeling/chopping. We used the blender on a switch to mix it. They really liked pressing the switch to activate it!

On Thursday we celebrated St Patrick's day with some food tasting, dancing and art work. Ewe made shamrocks and leprechaun hats.

Friday was Comic relief – we made red nose pictures!

We had a lovely afternoon enjoying the sunshine for the last part of the week. Let's hope this sunshine continues all weekend

From all of the Elm Class Team 😊
