

Dear Parents /Carers /families,

Just wanted to say thank you for your support this last term, this hasn't been an easy term and there has certainly been bumps along the way.

At all times we have tried to open for as many of our pupils as possible and communicate with you our decisions in a timely manner.

It has been a pleasure getting to know your children (albeit in a socially distanced manner) and also you as families. I look forward to developing this next term.

We close today and open again on 22nd February, operating on the same rota as this term.

I am asking all of our team to rest and recharge over half term and to spend time with their families. If you need anything urgently please contact me via email head@acorns.lancs.sch.uk.

If you need to report a COVID case, please email head@acorns.lancs.sch.uk and also contact Lancashire County Council on 01772 531555 as they will conduct a track and trace.

Please don't home school this week, aim for downtime if possible, get outside and pray for nice weather for us all!

Please take care over half term and again thank you.

Paula Barlow
