| Outdoor Area – Quotes and funding being applied for to develop this area £26,000 | Our new outdoor area has been completed this year and we look forward to adding more equipment over the year. The children are accessing this area regularly and the benefits are seen in the classroom too. We have seen increased physical activity for our least active pupils and it has benefitted those pupils who need to 'regulate' their sensory systems in order to focus and participate in class. |

| Kin ball Set £441 | We purchased a kin ball set following a course attended by S. Martindale. We then introduced the sport as a club for our year 6 group. Working alongside the class teacher we taught the pupils aspects of the game and showed them how to use equipment. It was a huge success and fully inclusive. Lots of opportunity for developing skills |
