

Talking Tiles Instructions

Allows you to record and playback 80 seconds of speech.

Requires 3x AAA batteries which are not included.

Comes with screws for mounting to a wall, they are located under the battery cover.

First install 3x AAA batteries by unscrewing the battery cover (requires a Philips screwdriver)

Flick the on/off switch up to the on position.

To record messages move the rec/play switch up. Press and hold down the top of the device, after it beeps you can say your message. Once you have finished your message simply stop pressing the button down, it will beep twice to confirm it has recorded your message.

To play back your message flick the rec/play switch down to the play position and simply press down on the talking tile and your message will play your recording.

You can record and play as many times as you like but you can only have one recording stored, as each new recording deletes the older one.

You can also create your own pictures that match your recordings and place them under the plastic cover or buy dry wipe adhesive labels and write. Some ideas below.
