

# Ash Class's Weekly News

2<sup>nd</sup> July 2021

## This Week...

Its been great to be back and what a jam packed week we have had. This week we have continued to look at the art of Hokusai and we made collage waves and finger painted waves in the style of his work. In literacy/DT we designed then made our very own sundae which all the children thoroughly enjoyed. We may do this again next week as it was such a great success. In music we sang 'lean on me' and in PSHE we spoke about looking after the environment. What I am most proud about is how well the children did with telling the time! Well done everyone!

## Next Week...

Going on a trip to Lytham Park View. Bring a spare set of clothes just in case they get wet.

## Reminders

I would like to buy the children a few treats whilst we are out on our trips. I would usually buy this from the class fund however, I have not received very much class fund this term. If you have contributed thank you. If you have forgotten I would appreciate it your contribution so I can treat all the children.

## And finally the star of the week is...

For telling the time!! He is excellent at it!
