

Ash Class's Weekly News

1st July 2022

This Week....

What another fast paced week we have had. This week saw us finish our Maths on capacity. By the end of the week we were all very good at recognising whether or not a container was full empty or half full and then some of the children went on to read different scales on the side of containers. In literacy we have been looking at the sounds that bugs make we're going to use the words that we have created to help us make our very own poem. In my creativity we decorated our salt dough bugs we will go on to varnish them next week. In my world we looked at the structure of different plants. in my world we planted the plants that we have grown outside in one of our raised beds and Mr Murphy filmed some of the children reading out there wiggly worm stories using the green screen. In baking we made chocolate snails and in pay we continued to play team games. On Friday we went for a walk around the park and had some time reading in the forest. With only three weeks left till the end of term let's make these weeks lots of fun.

Next week we will be adding groups of numbers together and some children will be using number lines to add large quantities of number.

Reminders

Snack fund for next term will be £14 as it's a 7 week term. This is vitally important to help support cooking, messy play, toast at Sainsburys and snack time biscuits and juice.

And finally, the star of the week is... Mohammed

For trying hard to keep his hearing aid on his head!
