

Seedlings Weekly News

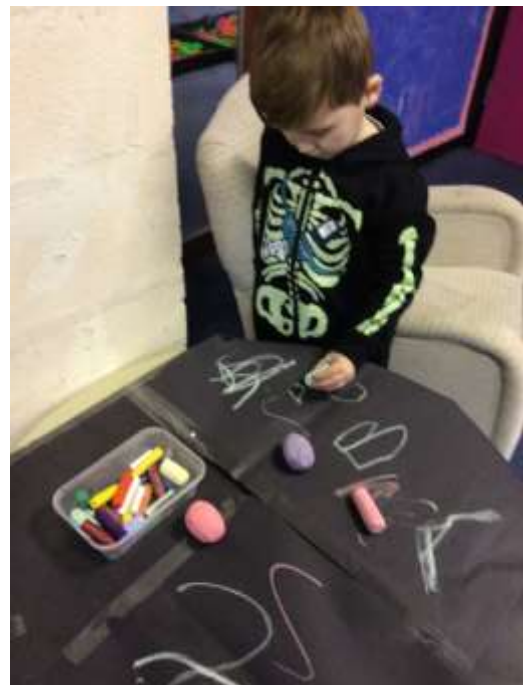

W/B 1st November 2021

This week...

Welcome back to our wonderful children and parents. We hope you all had a good half term.

Our learning this week has focused around bonfire night and Diwali.

We've had a range of activities all based around colour, light and dark; fireworks; sparklers; campfires and celebrations.

In messy play we explored colour with shaving foam and food colouring.

We explored mark making and patterns

We decorated the star biscuits we made with brightly coloured icing.

We made baked bananas and sang songs in our campfire role play area.

We also made edible sparklers – yum!! These are easy to make at home – use chocolate fingers, icing or warm water and sprinkles. Dip the fingers into the icing and then into the sprinkles.

We enjoyed our Diwali celebrations. We made crafts, danced to music and sampled food.

Reminders

Some of the children are poorly - if your child presents with a high temperature and persistent cough, please take them for a PCR test.

Next week....

We will be starting our new topic on traditional tales and learning about the ginger bread man

We hope you all have a good bonfire night and enjoy the weekend.
