

## This week...

We have been learning all about Elmer and his elephant friends.

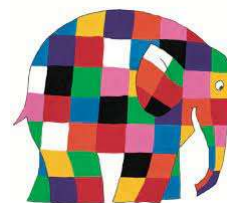

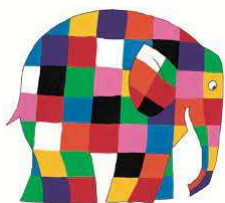

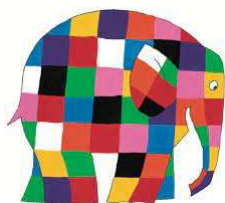

We have been working on our drawing skills and looking at patterns. The children used rules to make stripes on their Elmers.

We used chalk to decorate the elephants and then we washed them off in the water.

The children like to be involved with water play. Using the watering cans supports coordination and control.

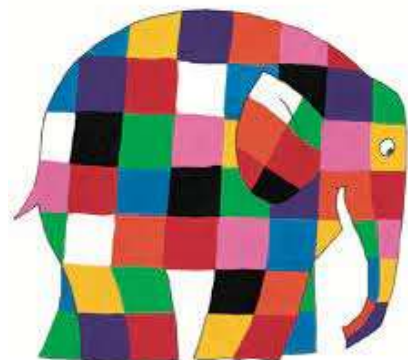

We had messy play with colourful pasta

We also had the foot spas this week,

Next week: we are continuing with our topic my world in colour and we will be learning about rainbows.

Reminders:

With the increase of covid cases, we are continuing to keep everyone as safe as possible. If your child displays symptoms it is advisory to LFT this will help with the spread of infection and the virus.
