

Woodland Class's Weekly News

W/B 11th January 2021

We have had a full, busy week of our new topic all about colour, UV light and changing seasons. We are all loving the different colours lighting up our classrooms, and exploring how many things change under a UV torch!

Everyone should have received their home learning packs. If you have any questions or need support please get in touch. I have emailed links to PowerPoints and videos, also let me know if you cannot access them and I can resend in another format. They contain familiar music to the children, so letting the children listen to the music and songs would be beneficial.

We have had further work on the sensory garden today. MultiPave have been out to sort the ground out, ready for our soft flooring on top.

If you complete any home learning at home, it would be lovely to see photographs of the children. Please email them to me jmiller@acorns.lancs.sch.uk

There will be no Zoom next Friday due to staff training. I will send some videos out instead.

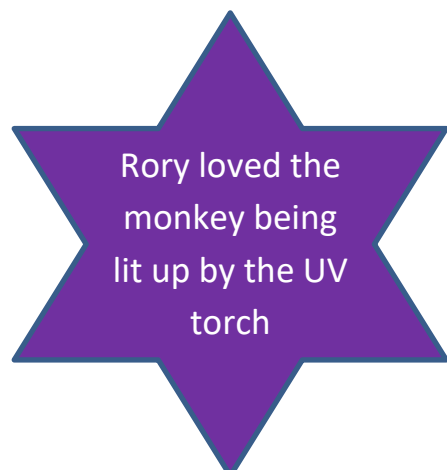

And finally... Well done to Rory for being our star of the week, he has been so happy this week, making us all smile! He has been more vocal this week too. Well done Rory.

Myles enjoyed
exploring the
light up shakers

Evie enjoyed the
UV light up
expandable balls

Rory loved the
monkey being
lit up by the UV
torch
