

Ash Class's Weekly News

11th Feb 2022

This Week....

What a fabulous week it has been. In maths we have been learning how to weigh different items using scales to see which is heavier and lighter, then using cubes to tell us how much they weigh. In literacy we story mapped the story of Beegu and videoed it. You should all be very proud. In My World we started learning about Neil Armstrong and in My Creativity, we wrote mission logs and played in moon sand with our moon buggies! Finally, we learnt all about St Valentines, we made cards, decorated biscuits, and used our art skills to decorate some hearts. We had such a fantastic morning. I hope you all have a great half term, and I will see you on the Tuesday.

Next Week...

Don't forget that next Tuesday we are at Liverpool Museum and will be going inside their planetarium.

Reminders

Snack fund for next term will be £12 as it's a 6 week term. This is vitally important to help support cooking, messy play and snack time.

Don't forget there is an INSET on Monday
21st February

And finally, the star of the week is... Omar

For navigating through his communication book and telling us why he felt the way he did.
