

# Ash Class's Weekly News

11<sup>th</sup> March 2022

**This Week...** What another interesting week we have had. This week we continued our work on money. Some of the children are absolutely fantastic and adding up a variety of different coins and some children are doing a fantastic job of counting ones and twos together. In my world we explored Neil Armstrong and we looked at torches, whilst our sensory den is going to help us understand light and dark and why we get light & dark. In baking we made Raisin moonrocks (Scones) and in my world we made junk model rockets. We enjoyed our time in Woodlands singing and recording a new song alongside our friends. In literacy we started to map out the story of Beegu, changing certain features of it. The children did a fantastic job of doing this. On Friday we had more music in helping us sing alongside Woodlands class in preparation for our song to be released. We did lots of crafts about weather too. What a fantastic week we have had!

Next Week...

We will be exploring space food and designing our very own space alien

## Reminders

Snack fund for next term will be £12 as it's a 6 week term. This is vitally important to help support cooking, messy play and snack time.

And finally, the star of the week is... Pharrell

for super maths work and amazing reading!!!
