# Elm Weekly News

Acorns PRIMARY SCHOOL

**W/B 11.11.19**

**This Week:** We started the week learning about Poppy Day and Remembrance. We all tried really hard to observe the '2 minutes silence' and all sat really well. We all made some poppy wreaths too. They look lovely!

We are all improving our physical skills in PE. We have been working on our balancing and travelling skills…very impressive!

In Science we have been investigating 'shadows' and learning about materials which block light and those which let light pass through. We had great fun making shadows and using shadow puppets.

**Next Week...** we still haven't managed to get to Avenham Park (Debbie, our driver, was poorly) so hopefully it will be 3rd time lucky next week. We'll be off to Sainsbury's too and be continuing our work on the Stone Age

## Reminders

**Please remember class fund of £2 each week…it means we can go shopping and do some lovely baking in our Food Technology sessions Thank you to those who have already sent it.**

**And finally… this week we are welcoming Julie to Elm Class as she joins us to help us with our learning and adventures!**

**Also, it was nice to see Luca again when he joined us for snack … and to do some maths! Brandon was a really good friend too!**
