

## Woodland Class's Weekly News

W/B 12<sup>th</sup> October 2020

This week we have been finishing off our Perfect Picnic topic. We have a busy week planned for next week so we have worked on our picnic sensory story, contact dance and hand awareness for the last time.

Next week we are working on our Black History Month activities, listening to music and exploring objects linked to local people and events. We will also be exploring Hinduism through sensory activities and creating artwork for a whole school project using bright colours.

As well as all of this, we are hoping to make a scarecrow and take part in a scarecrow trail around school! It is going to be busy.

Don't forget, next Friday, 23<sup>rd</sup> October is 'wear it pink' day for Breast Cancer Awareness. Please send in a donation.

Hopefully you have all received an email as part of our Woodlands Parents group. If you haven't, please let me know.

**And Finally...** Well done to Myles and Isabelle for being our stars of the week.

Myles has been really enjoying registration. He has explored his personal registration object and has been clapping along to our 'hello' song. Well done Myles.

Isabelle has worked hard on her self-feeding skills. She will work with an adult to load a spoon and feed herself. She managed a whole dessert this week.

Today we said goodbye to our friend Jack. We all went outside to see his beautiful flowers as the funeral hearse processed passed school. We will all remember his big smile.
