

Ash Class's Weekly News

15th Oct 2021

This Week....

What a great week we have had. This week we video our stories of the little green dinosaur. All the children enjoyed using the green screen to retail the story of the little green dinosaur. In numeracy we have been using the base 10 apparatus to add amounts up to 20. In science we have been looking at food chains. In phonics we have been playing with noodles as our sound of the week was end. Some children also explored igh. And finally in history we were looking at weaving and we used the paper weaving technique to understand how we weave.

Next Week...

If you have any boxes at home (the size of a small tea bag box) I would appreciate if you could send them in we will be making Saxon houses next week.

Reminders

School finishes on the 22nd at the normal time of 3:15 and the school will open on Monday the 1st November.

We will be doing a Halloween trail on the Monday and going to the Zoo on the 2/11

And finally, the star of the week is...

For being super at weaving.
