

Ash Class's Weekly News

20th Jan 2022

This Week....

What a fabulous week it has been. In maths we have been learning about our number bonds to 5,10 and 20. These are crucial bits of knowledge that help us when we are adding numbers together. In literacy we are continuing to learn the story of Beegu and this week we mapped it ready for us to begin to re-tell it to our teachers and classmates. In 'My Creativity' we looked at Moon buggies, we learnt some facts and then made our very own moon buggy in Lego and junk modelling. In 'My World' we learnt about the planets again and labelled our very own solar system. We are starting to know the planets names and it won't be long till we can tell them you them in order. In PE we are orienteering. We have to listen to our partners instructions as we are blind folded. We need to either turn, move forward, backwards and this week we had to crawl. This is great listening and responding. It been a great space theme week.

Next Week...

Don't forget that next Tuesday we are at Liverpool Museum and will be going inside their planetarium.

Reminders

Due to positive Covid cases we would advise that you LFT your child daily even they have recently had it.

Snack fund for next term will be £12 as it's a 6 week term. This is vitally important to help support cooking, messy play and snack time.

And finally, the star of the week is... Pharrell

For Super Maths work. He now knows how to partition.
