28<sup>th</sup> May 2021

## This Week....

What a week! This week we have recorded our story of the Supertato. The children have thoroughly enjoyed it and I am so proud of the work they have done. In Maths we finished looking at division and we learn how to read a number sentence that used a division symbol. In science we made our very own magnetic fishing game and learned to use the word attract and repel when talking about magnets. IN baking we finished our work on scones and made orange and cardamom scones. What did you think of them? Finally, we tasted lots of different Greek food and spoke about whether we liked or disliked it. This was quite a challenge for some of the pupils, but they all handled and attempted to lick the different food. I do hope you have a fantastic half term, and I will see you after the break.

## Next Week...

Its half term rest and relax!

### Reminders

Snack fund is due for this term it's an 6 week term so please could we have £12. This is vitally important to help support cooking, messy play and snack time.

Its half Term from the 29/5 till 7/6

And finally the star of the week is...

For reading out his story The Supertato
