

Another busy week in Elm class, we have so many proud moments it was very hard to choose a star of the week!!

Some wonderful Phonics this week – learning letters and sounds, sorting by sound and trying hard to make the sounds! We love to feed our Phonics Robot! He loves all the tasty sounds we feed him

## Reminders!

Next week we will starting to look at Easter as it is fast approaching!

We have also got St Patricks Day on Thursday – please can the children come to school in something green!!

Thank you for all those who have sent contributions this term 😊

This week the children have really enjoyed role playing and playing games with their friends! They played with the dolls, the car garage, in the sand tray etc They are doing lots of work around sharing and turn taking and we can see that they are becoming much ore tolerant of each other.

The children have been wonderful in their communication too this week, working on their individual targets in many different situations – transferring skills. We have been adding more challenges recently and they have done super!

We have also had fun exploring our new switch toys, getting messy in sensory trays and listening to stories,

We have created art work – stripy tigers, beautiful butterflies and spotty giraffes! We are making choices during our art activities about colours and the tools we use.
