

Great to see the children's smiley faces again this week and they have been delighted to be with each other too!

They are becoming such good friends and wanting to be together in their play

We have had a lovely week in Elm class – we have really enjoyed the activities we've done and have also managed some super learning along the way! We continue with our Winter theme and have started on our topic of Growing too!

We are working very hard on our IEP tasks each day

Attention Autism

We made lovely Winter tree Pictures!

Our Baking Session – Butterfly Cakes!

REMINDERS-

Just a reminder about snack/messy play fund contributions. We would be grateful if you can support us by sending in £1 or £2 per week towards this – Thank you ☺

Please ensure children come to school with warm coats/hats/gloves/scarves if they are willing to wear them as the weather is quite cold

Thank you

Sophie 😊 – smartindale@acorns.lancs.sch.uk

This week the children have managed to get out for a very wet and windy welly walk – we spent this time looking for signs of winter. We spotted bare trees, holly, people wearing hats and scarves. Unfortunately we didn't see any ice this week so perhaps look out for this at home over the weekend! If we are lucky we may see some more snow!

We started our winter music session this week, we had fun making snowballs and throwing them at each other (well mainly at Sophie!!) we used paper to make balls!

We have started our Science topic on growing – planted our first seeds and listened to a story all about a tiny seed! Some of us have helped to make the props for this story – we painted petals and a big stem to make a beautiful flower!

We made butterfly fairy cakes to take home on Thursday – what great weighing and measuring some of us did... some of us were very good at eating the ingredients!

We have enjoyed PE – practicing lots of skill including throwing and aiming, balancing and jumping.

We had an Attention Autism session with a snowflake themed activity using flour – the children enjoyed sieving the flour to make 'snow'

They also did some super work during dough disco , fine motor activities, mark making, number work and letter/sound work

We hope you have a lovely weekend

From all of the Elm Class Team 😊
