**First-class
pastoral support**

We believe that our **accredited mentors**, combined with our expert team of **Early Career Framework practitioners** are well-equipped to ensure our trainees are well-supported pastorally to **achieve their potential**.

We're friendly, local and experienced and we're excited about helping you start your career in teaching. Active Teacher Training provides an established, reputable primary and secondary teacher training across Cambridgeshire and, recently expanded to, Suffolk.

**Established
and reputable**

**Personal and
professional**

From day one that you join us you are treated as a member of staff in our schools. Our school-based and centre-based induction events prior to the course or placement start ensure that as an ATT trainee you are well-equipped with the necessary training, resources and knowledge you need to be successful in your new career.

**Individualised
programme
support**

In addition to the dedicated one-on-one meeting time you'll have each week with your mentor, you'll also be afforded opportunities to attend one to one drop in clinics with our team of Early Careers Practitioners to ensure you are on the right track and that your individual needs are met.

**Employment
opportunities**

When you train with us, if you show excellent commitment, energy and enthusiasm then we are very likely to be able to help you to find your first teaching position in one of our schools or with other local establishments.

**The
choice is yours!**

We have a strong network of 21 schools to choose to train in, across a range of different contexts, localities, phases and sizes from all through schools, special schools, large urban schools through to one form entry rural schools. So whether you're looking to train in primary, secondary, Early years or up to A level we can help. Our robust interview process will ensure that the school you choose to train with us in is the right match for you.

**Programme
enhancements**

In addition to your main school placement, as an ATT trainee you'll also be afforded extensive opportunities to visit pupils learning in a broad range of additional and contrasting settings such as alternative provision, settings with high numbers of English as an additional language (EAL) or one of our outstanding special schools. You can also make use of our library of modern educational theory textbooks and online resources.

join us!

If you are still unsure as to whether teaching is for you or if you have questions, we are more than happy for you to call us, or, dependent on current Covid regulations, for you to come into one of our schools and visit us. You are very welcome to talk to teachers, meet our pupils and observe lessons. If we can make it work, we're always happy for you to speak to our current cohort of trainee teachers – we think it's an excellent way of finding out what training with us is really like.

Talk to us on **01354 695497** or email our Administration Officer, **Claire Sears** on **csears@cromwell.cambs.sch.uk**

Learning on the job... to teach

The very
best teacher
training
around

It's hands-on, hard work in the classroom most days, learning your craft alongside expert teachers who guide and support; underpinned by access to our evidenced-based curriculum one day a week delivered in Chatteris, Ipswich or Lowestoft in Suffolk.

We believe the reasons outlined here make us the very **best teacher training around** and invite you to **start your career in teaching**.
