Ada Lovelace C of E Careers Programme 2024-2025

Careers Information, Advice and Guidance at Ada:

Ada Lovelace C of E High School is committed to **preparing students for future success in education, employment and training**. Our comprehensive Careers programme uses the **Gatsby Benchmarks and The Baker Clause** to develop and improve our Careers provision and enable a range of education and training providers to regularly engage with all students across Year 7-13. Within our Careers programme, all students receive **unbiased and impartial information** about potential next steps and high quality careers guidance. We aim to provide high quality, meaningful opportunities for students to **encounter the world of work** and teach students a range of **employability skills** to ensure they have a successful future in the workplace. Our vision for Careers supports our whole school ethos (John 10:10) of nurturing students unique **gifts, skills and talents** and ensuring students enjoy **'life in all its fullness'** and engage positively with their future life choices.

Careers Leadership at Ada Lovelace:

The Careers Leader at Ada Lovelace is **Miss Hannah Marr (Inclusion and Intervention) and Miss Powell (Head of Year 10)**. As a school, all staff including Teachers, Tutors, Support Staff, Heads of Year, Heads of Department and Senior Leadership Team are committed to supporting our Careers programme.

The contact details for Careers & Work Experience are:

- Miss H Marr (Careers Leader): hmarr@adalovelace.org.uk
- Miss M Powell (Head of Year 10): mpowell@adalovelace.org.uk
- CIAG & Work Experience general enquiries: careersIAG@adalovelace.org.uk

Both our **school website and Copia** contain regular updates about our Careers programme including events, opportunities, talks and Careers Bulletins.

Supporting Ada Lovelace's Careers Programme:

If you or a family member or friend are a business or employer, education or training provider and **could support Ada with our Careers programme** (*including Work Experience placements, Careers talks, networking opportunities*) please do contact us as we are always looking to expand our network of employers and education providers. We are particularly looking for further Work Experience opportunities, Internships and Career talks in Hospitality, Medicine, Research and Languages industries; if you are able to offer any support with these areas, please do get in touch.

Careers Guidance in schools - Statutory Frameworks:

In December 2017, the Department for Education (DfE) published a new **Careers Strategy for secondary schools** followed by statutory guidance in January 2018. Schools must have an appointed **Careers Leader** and a **Careers Information, Advice & Guidance (CIAG) Programme** for each academic year. **By September 2020** schools should be meeting the **Eight Gatsby Benchmarks** (outlined below):

The Gatsby Benchmarks:

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

The Baker Clause:

In January 2018, the DfE also introduced '**The Baker Clause**' as an amendment to the Technical and Further Education Act 2017. The Baker Clause stipulates that schools must allow colleges and training provider's access to every student in years 8- 13 to **discuss non-academic routes that are available to them**. It is expected that by doing so this will help address the **UK's productivity challenges and address skills shortages experienced across several sectors of the economy**.

To ensure we are **compliant with The Bakers Clause**, we have developed excellent links & partnerships with the following organisations & providers, who regularly run assemblies, talks, small group sessions & workshops for our students:

- IBM P-Tech link is supporting CIAG through careers information and access to work experience placements.
- IBM Skills Build online learning platform is supporting Year 10 students with employability skills through
- Code Avengers – all students in Years 7-9 compete Self-Guided Learning through the code avengers platform allowing them to develop technical skills and an ability to learn independently online
- West London College to ensure students are aware of alternative routes post-16
- Other local colleges (*Including Brentford FC Post 16 Football Education Programme, Capel Manor, Kingston College*)
- ASK Programme (*Apprenticeship, Support & Knowledge*)
- Partner of InvestIN (*Immersive career programmes for 12-18 year olds, free bursary places for Pupil Premium students available*)
- Links with Countryside (*A construction company based in Acton*)
- Xello – online Career platform for all Y7-13 students (*this provides students with a variety of different pathways into an industry*)
- YEP (*Youth Employability Partnership*) Supporting students with employment skills and at risk of NEET

Quality Assurance within our Careers provision:

The **quality of a school's Career provision** will be based on:

- How the curriculum extends beyond the academic, technical and vocational
- The Broader development of students; enabling students to discover interests and talents
- How students are prepared for future success in their next steps
- How schools promote and inclusive environment that meets the needs of all students
- In order to regularly **evaluate our Careers provision**, we complete a compass tool once per year, which provides information about how we are **achieving against the Gatsby Benchmarks**. Our most recent **Compass evaluation in November 2023** showed that we are making excellent progress with meeting the Gatsby Benchmarks:

Benchmark	November 2021	November 2022	November 2023	November 2024
1	82%	100%	100%	100%
2	80%	80%	100%	100%
3	63%	81%	100%	100%
4	100%	81%	100%	100%
5	100%	100%	100%	100%
6	100%	100%	100%	100%
7	80%	90%	75%	91%
8	100%	100%	50%	100%

We are confident that our Careers provision is **wide ranging, inclusive and diverse**. Within our Pastoral Programme, Wider learning offer, Curriculum and additional Careers IAG provisions, we feel that we are giving students the **right support, knowledge and skills to be successful in their future at Ada at beyond**. As always, we are open to receiving feedback & suggestions for further ways to continue to develop & refine our Careers programme.
