- **Chair's Report:**
 - Despite tough economic conditions impacting parents and friends of the PTA, we raised significant funds and were able to keep costs the same as previous years for events and second-hand uniform.
 - Quiz & Curry Night and the Christmas Raffle remain our biggest money earners, although most profitable (as well as good for lots of other reasons) are our very popular Uniform Sales.

- This year was a 'fallow year' for Ealing Half Marathon sponsorship/ fund raising – although that returns at the end of this month (counting towards our outturn next financial year).
- Yr 7 Welcome & Discos return lower profit but are hugely popular, and good for building social bonds and positive memories.
- We have focussed our efforts on the impactful events that do good and return good revenue (no break time sweet sales this year!). We have established a good, repeatable pattern of delivery.
- We will continue to split our focus between fundraising and support to careers awareness/ support (careers fair, T-levels, work experience).
- Year Reps helped us massively this year – making communication much easier.
- We will try out a new approach to organising the Christmas Raffle/ Christmas Concert this year, by forming a Sub-Committee who can help to manage the work.
- PTA Socials were popular last year, and a good way of encouraging people to get involved. They worked particularly well at Ealing Cricket Club, as nearby and relatively quiet (with reasonably priced drinks!). We will aim to do one per term.
- ME explained that in addition to these fundraising and community activities, the PTA had developed a keen interest in supporting the school and the students with careers. RW explained how the PTA were also able to help in practical ways such as preparing some of the set for the Bussy Malone Production.

• **Treasurer's Report:** ME summarised the Treasurer's Report.

- PTA events are already on the school calendar. RW explained that the PTA calendar is fixed in line with the school calendar in July of every year.
- Next event is the Christmas Raffle and Concert Refreshments. PTA plan to create a sub-committee of parents keen to support with this event. Games were introduced last year to occupy the children before the concert and volunteers were encouraged to start thinking of fun things to do in the café space.
- The PTA are keen for any additional ideas for future events.
- **PTA approach to agreeing school funding requests (bidding process):** IR described the process for funding requests:
 - Requests for funding support should be submitted on the relevant PTA Funding Request Form with supporting evidence

- Requests may be submitted at any time of the year to the PTA via email
 - The PTA funding committee will meet 3 times per year usually in the 2nd half of each term to determine approvals. This is to allow time for the goods to be ordered and delivered before the commencement of the next term.
 - Occasionally ad-hoc approvals out of this cycle may be made with a consensus of the PTA leadership and may be authorised by a email.
 - Approvals may be in full or part with payouts also determined by the amount requested and the total funds available.
 - Requests for items which can be covered in school/departmental budgets will not normally be approved.
 - The PTA have generally approved all of the funding request from the school with the occasional caveat depending on the funds in the PTA bank account.
 - 2024 / 2025 there were funding requests for the library, the PE department, after school clubs and general resources.
- **Nominating and voting in the Committee:** Joanne, Marianne, Francesca and Luciana resigned from their PTA Committee roles and Ian thanked them for all their hard work. The PTA Committee (Charity Trustees) were voted in:
