For students to be the most successful expectations are:

- **96% Attendance**
- **98% Punctuality**

95% and below and it becomes a cause for concern that will then involve our local authority Ealing borough.

A student's attendance is at the **worryingly low level of 90% ahead of their final exams**. How many lessons have they missed?

Key points

- If you are not in school, it must be for a very good reason, e.g. illness or medical appointment organised by parents. **96% attendance and 98% punctuality is expected.**
- If it is a cough/cold/sore throat, come to school, **we can assess you better here.**
- **Arrive to school for 08:15.**

Build your learning habits

How can you support your child to develop successful habits?

1. Please don't undermine the school's effort to build good choices and habits by pushing back on negative conduct points.
2. Celebrating all the positive conduct points
3. Talk about the moments they've turned things around
4. Have daily discussions about lesson prep tasks

"I know you didn't want to get a negative, so how can you turn this round and avoid getting one for the same thing tomorrow?"

"I don't care that your friends were also doing it, I care about you developing the right habits, so I want you to learn to listen properly when someone is trying to teach you"

"I'm going to contact the school and get you into study club, because you need to develop better habits with prep"

Mobile Phones

- **MUST not be a smart phone** or be capable of taking photos or connecting to the internet.
- The phone **should be switched off before the student enters the school site and placed in their school bag.**
- The phone **should not be brought out at any point** during the school day
- It should only be used before or after school when students are well out of sight of the school entrances
- **Smart devices including mobile phones are not allowed on any school trips or residential.**

Mobile Phones

Parents who wish their child to carry a mobile phone to school should do so only according to the following:

- The phone must not have internet access and must not have a camera

- It should be clearly marked with the student's name
- The phone should be switched off before the student enters the school site and placed in their school bag

- A school brand mobile phone remains the responsibility of the student at all times and the school will not take action if it is lost or stolen
- If a student is allowed to take a mobile phone on a school visit/residential trip it must be a school approved mobile phone.

There may be occasions where a member of staff is required to search a student's bag to look for a mobile phone (this will be done in accordance with the DfE guidance on searching and screening):

- If during a search a 'school phone' is found it will not be confiscated provided it does not contain any evidence relating to an investigation AND when it is found it is switched off
- All non-school recommended phones and 'school phones' that are not switched off will automatically be confiscated as part of a search
- Phones that are visible during the school day will automatically be confiscated
- Any phone that is seen or heard during the school day (school issue or otherwise) will automatically be confiscated
- If it is a school-approved mobile phone and does not contain information pertaining to an investigation, it may be collected by a parent at the end of the school day. It will not be returned to the student.
- If it is a non-approved phone, it will not be returned until the end of the full school term in which it is confiscated, and the student will receive a Senior Leadership Team detention. No exceptions will be made to this rule so you must ensure your child does not bring a non-approved mobile phone onto the school premises under any circumstances.

Safeguarding (Medication)

All Students with a recorded medical condition that requires medication must bring **in date medication** with them on all school trips, both day and residential. If students do not have in date; they **will not** be allowed to participate in the trip.

Online safety

Monitor their online activity:

- ✓ There are legal consequences for sharing indecent pictures or making insulting remarks
- ✓ 95% of problems in school stem from online behaviour in your homes – it then disturbs their learning at school
