Using Photos and Videos of Students

We love celebrating our students' achievements through photos and videos, both in school and during trips and activities.

How we use images

We may use photos and videos in:

- Displays around school
- School newsletters
- Our school website
- Social media (e.g. Facebook)
- The school prospectus
- Local media

When images appear externally, we won't include full names so your child can't be identified. We'll ask for additional permission on occasions when needed.

Your consent

We're asking for your permission to take and use photographs and videos of your child for educational, promotional and celebration purposes in the ways listed above. There are examples below of how the images are used.

You can withdraw or change your consent at any time by contacting the school office. We'll always confirm we've received your request.

School ID photographs

Please note: we'll take a photo of all students for their school record on SIMS. This helps staff identify your child and is essential for safeguarding. An external school photographer will take these photos in the first week of term, and you'll be able to purchase copies if you wish. We'll take further individual photograph in Year 10.

Questions?

If you have any concerns about how we use photos or videos, please contact the school office.

..in Textiles

Miss McLaren's Year 10 GCSE Textiles students had an amazing time in a workshop with artist Nikki Parmenter! They explored exciting techniques and materials, like soldering irons and machine embroidery, to create stunning pieces inspired by oceanic themes and natural forms. Their hard work and creativity will enhance their GCSE coursework. We're so proud of their enthusiasm and dedication! Well done, Year 10!

Congratulations to the Year 8 netball team. A huge achievement coming runners up in the Tameside Plate Final vs Hyde High School, final score 8-1. The girls showed huge resilience and played some excellent netball with some fantastic interceptions. Well done girls!
