Headteacher: Mr R O'Regan BSc (Hons) NPQH

26<sup>th</sup> November 2020

Dear Parent/Carer

As your child is required to self-isolate, remote home learning opportunities will be provided. This will be curriculum related work to ensure that students are continuing to access the full curriculum during this period of absence. All work will be accessed through Microsoft Teams. A video showing how to access Microsoft Teams can be found on the [Home Learning page of the school website](#).

Your child should follow their normal school day timetable and can access work in the 'assignment' section of their individual subject teams, for example 11A English, 11-1 Chemistry, at the appropriate time.

As the whole of the year group are isolating, where possible live lessons will take place. These will last between 20 and 40 minutes depending on the subject and the curriculum content being covered. A timetable of these live lessons can be found below. Your child will receive an e mail from the class teacher with confirmation of the start time and a link to be able to access the live lesson. More information about live lessons can be found on the [Live Online Lessons page of the school website](#). In the event of any unpredicted staff absence, the live lesson will be cancelled, and your child will be notified, they will however be set additional online work.

Students are expected to attend all live lessons and complete all work set through their subject teams. Staff will be available online at the time they would ordinarily be teaching. We would like parents to monitor the completion of work by their child. If you have any concerns, please email the subject teacher or Mrs Hamilton, Progress Leader.

If your child has any issues accessing their home learning please contact [it-support@alderchs.uk](mailto:it-support@alderchs.uk)

Yours sincerely,

**R O'Regan**  
**Headteacher**
