Course Overview
<p>Religious Studies helps students to adopt an enquiring, critical and reflective approach to religion and moral issues. Students are encouraged to explore a number of beliefs, reflect on fundamental questions and respond personally to them.</p> <p>By studying Religious Studies students will enhance their personal, social and cultural development, their understanding of different cultures locally, nationally and in the wider world, and contribute to social and community cohesion.</p> <p>Students will also hopefully develop their interest in, and enthusiasm for, the study of religion, and relate it to the wider world. Perhaps the most important feature of the course however, is that students can reflect on and develop their own values, opinions and attitudes in light of their learning.</p>
