Introduction

The White Hills Park Trust is committed to ensuring that candidates are fully briefed on the exam and assessment process in place in the centre and are made aware of the required JCQ awarding body instructions and information for candidates.

Purpose of the candidate exam handbook

- ▶ *To ensure candidates are provided with all relevant information about their exams and assessments in advance of any exams/assessments being taken*
- ▶ *To ensure copies of relevant JCQ information for candidates documents and posters are provided in advance of any exams/assessments being taken*
- ▶ *To answer any questions candidates may have*
- ▶ *To signpost candidates and parents/carers to any exams-related policies/procedures*

Coursework/controlled assessments/non-examination assessments

- ▶ *Relevant JCQ information is provided at the end of the booklet*
- ▶ *You will be informed by your teacher of the dates and arrangements for any assessments, including relevant deadlines and how your work is marked or assessed*

Written exams

- ▶ *Students are issued with a statement of entry by their tutor which should be signed and returned if all information is correct. You should check the exam details and also your personal details, eg. That your name is spelt correctly*
- ▶ *If anything is incorrect make a note on this sheet and return it to your tutor – the exams team will verify any changes with your teachers and submit them to the exam boards*
- ▶ *General exams timetables are published on the school website. Your individual timetable will be issued with this booklet. Please be aware that practical examinations are shown separately to timetabled exams.*
- ▶ *Relevant JCQ documents are provided at the end of the booklet*

What to do if you identify you have two or more exam papers timetabled at the same time (an exam clash)

- ▶ *If more than one of your timetabled exams is scheduled at the same time, this is known as an Exam Clash*
- ▶ *The Exams team will arrange how these exams are rearranged and will let you know*
- ▶ *If you take any exams at an earlier or later time than the national timetable you will need to be supervised in between exams by one of the Invigilation team or another member of school staff – this is to ensure that the content of the examination paper is kept secure.*

Where you will take your exams

The main exam room is the *Sports Hall*. In addition, we use other smaller rooms to accommodate exam access arrangements.

You may take some or all of your exams in different rooms, for example a classroom or office. This may be so we can accommodate your Access Arrangements or because a clash or other timetable issues make it difficult to seat you in the main exam room.

- ▶ *Seating plans will be displayed on the Exam noticeboard the day before each exam at the latest – you can check the Room and seat for your exam on these plans*
- ▶ *Your name label will be placed on your desk in the exam room to help you find your seat*

What time your exams will start and finish

As a general rule:

- ▶ *Morning exams start at 9:00*
- ▶ *Afternoon Exams start at 1:45*
- ▶ *You need to arrive at the meeting point 10 minutes prior to the start of the exam.*
- ▶ *The end of each exam is different according to the length of the exam*
- ▶ *There may be exceptions to these times of which we will keep you informed*

Supervision during your exams

- ▶ *Exams are supervised by a team of invigilators.*
- ▶ *Invigilators must follow strict rules and regulations when conducting exams as directed by JCQ and awarding bodies. You must follow their instructions at all times.*

Exam conditions

- ▶ *You will be under exam conditions from the moment you enter the exam room until you have left the exam room*
- ▶ *You must listen to and follow the instructions of the invigilator at all times in the exam room*
- ▶ *You must not communicate with other candidates*
- ▶ *The centre number and information about start and finish times will be displayed in the exam room*
- ▶ *You will need to complete information on the front of the answer books, eg. legal first name, surname, centre number, candidate number, paper details etc. You must ensure this information is accurate - we cannot make any changes to your paper after it is collected so this is all that will identify your paper as your work.*
- ▶ *Instructions will be given by the invigilator regarding the use of additional answer sheets/answer books as relevant to the exam*

How your identity is confirmed in the exam room

- ▶ *Your desk label will include your name, candidate number and photograph. The invigilators will use the photographs to help them identify you if they do not already know you. A member of SLT may also help with this to ensure the exam registers are completed correctly.*

What equipment you need to bring to your exams

- ▶ *You should bring a clear pencil case with you to all Exams. This should contain all the equipment you will need.*
- ▶ *If you need any additional equipment you must raise your hand and wait for an Invigilator to come to you*

- ▶ *You may bring a clear water bottle into the exam room but any labels must be removed*

Using calculators

- ▶ *You must be aware of JCQ awarding body instructions regarding the use of calculators in your exams*
- ▶ *School have advised which calculators are suitable for use in Exams. There will be a small number available to borrow.*

Candidates may use a calculator in an examination unless prohibited by the awarding body's specification. Where the use of a calculator is allowed, candidates are responsible for making sure that their calculators meet the awarding bodies' regulations.

JCQ Information for candidates – controlled assessments

You **must** read this information if you are undertaking any legacy GCSE qualifications that contain elements of controlled assessment.

**This notice has been produced on behalf of: AQA,
CCEA, OCR, Pearson and WJEC**

Information for candidates – GCSE controlled assessments

This document tells you about some things that you must and must not do when you are completing your work.

When you submit any work for marking, you will be asked to sign an authentication statement confirming that you have read and followed these regulations.

If there is anything that you do not understand, you **must** ask your teacher or lecturer.

Controlled assessment will provide you with an opportunity to do some independent research into a topic. The research you do may involve looking for information in published sources such as textbooks, encyclopaedia's, journals, TV, radio and on the internet.

Using information from published sources (including the internet) as the basis for your assignment is a good way to demonstrate your knowledge and understanding of a subject. You must take care how you use this material though - you cannot copy it and claim it as your own work.

The regulations state that:

the work which you submit for assessment must be your own;

you must not copy from someone else or allow another candidate to copy from you.

When producing a piece of work, if you use the same wording as a published source you must place quotation marks around the passage and state where it came from. This is called "referencing".

You must make sure that you give detailed references for everything in your work which is not in your own words. A reference from a printed book or journal should show the name of the author, the year of publication and the page number, for example: Morrison, 2000, pg.29.

For material taken from the internet, your reference should show the date when the material was downloaded and must show the precise web page, not the search engine used to locate it. This can be copied from the address line

You may be required to include a bibliography at the end of your work. Your teacher or lecturer will tell you whether a bibliography is necessary. Where required, your bibliography must list the full details of publications you have used in your research, even where these are not directly referred to, for example: Morrison, A. (2000) 'Mary, Queen of Scots', London: Weston Press.

If you copy the words or ideas of others and don't show your sources in references and a bibliography, this will be considered as cheating.

Preparing your work – good practice

If you receive help and guidance from someone other than your teacher, you **must** tell your teacher who will then record the nature of the assistance given to you.

If you worked as part of a group on an assignment, for example undertaking field research, you must each write up your own account of the assignment. Even if the data you have is the same, you **must** describe in your own words how that data was obtained and **you must independently draw your own conclusions from the data.**

You must meet the deadlines that your teacher gives you. Remember - your teachers are there to guide you. Although they cannot give you direct assistance, they can help you to sort out any problems before it is too late.

Take care of your work and keep it safe. Do not leave it lying around where your classmates can find it. You must always keep your work secure and confidential whilst you are preparing it; do not share it with your classmates. If it is stored on the computer network, keep your password secure. Collect all copies from the printer and destroy those you do not need.

Do not be tempted to use essays from on-line essay banks — this is cheating. Electronic tools used by awarding bodies can detect this sort of copying.

You must not write inappropriate, offensive or obscene material.

Plagiarism

Plagiarism involves taking someone else's words, thoughts or ideas and trying to pass them off as your own. **It is a form of cheating which is taken very seriously.**

Do not think you will not be caught; there are many ways to detect plagiarism.

- Markers can spot changes in the style of writing and use of language.
 - Markers are highly experienced subject specialists who are very familiar with work on the topic concerned — they may have read the source you are using (or even marked the essay you have copied from!).
 - Internet search engines and specialised computer software can be used to match phrases or pieces of text with original sources and to detect changes in the grammar and style of writing or punctuation.

Penalties for breaking the regulations

If your work is submitted and it is discovered that you have broken the regulations, one of the following penalties will be applied:

- the piece of work will be awarded zero marks;
- you will be disqualified from that unit for the examination series in question;
- you will be disqualified from the whole subject for that examination series;
- you will be disqualified from all subjects and barred from entering again for a period of time.

The awarding body will decide which penalty is appropriate.

JCQ Information for candidates – Privacy Notice

You **must** read this information as it informs you how the “JCQ awarding bodies will process your personal data.”

Produced on behalf of: AQA, City & Guilds, CCEA, OCR, Pearson and WJEC

Information for candidates – Privacy Notice

General and Vocational qualifications

Effective from 1 September 2018

The JCQ awarding bodies will process your personal data in accordance with the Data Protection Act 1998, and from when it comes into force the General Data Protection Regulation, and any regulatory requirements as specified by the qualification regulators of England, Wales, Northern Ireland and Scotland.

Correspondence on any aspect of a candidate’s examination or assessment will only be conducted between the awarding body and the head of the centre, a member of the senior leadership team or the examinations officer.

Awarding bodies will undertake the following administrative activities in relation to the processing and exchange of candidates’ personal data:

1. Personal data relating to the name(s), date of birth, gender, Unique Candidate Identifier (UCI) or Unique Learner Number (ULN) of an individual candidate will always be collected by an awarding body for the purposes of examining and awarding qualifications. In some cases additional information, which may include sensitive personal data relating to health, will also be collected to support requests for access arrangements and reasonable adjustments and/or special consideration. Such personal data will be supplemented by the results of examinations and assessments undertaken by the respective candidate.
2. A candidate’s personal data will only be collected from registered examination centres in the context of examination entries and/or certification claims.
3. Such data collected will not be used by an awarding body other than for examination administration purposes, conducting examinations and assessments and the issuing of examination results and certificates. Candidates’ personal data including examination results and outcomes of any reviews of marking, reviews of moderation and appeals may be shared by the awarding body with the centre which entered the candidates, as well as within a consortium or Academy Trust of which the centre is a member.

4. Personal data within candidates' work will be collected and processed by an awarding body for the purposes of marking, issuing of examination results and providing candidates with access to post-results services. Examination results will be retained for a minimum of forty years.

In order for an awarding body to achieve this, some personal information may be transferred to third parties such as examiners, who may in some instances, reside outside the European Economic Area.

5. Awarding bodies may be required to provide a candidate's personal data to educational agencies such as DfE, WG, DE, The Skills Funding Agency, regulators, HESA, UCAS, Local Authorities, EFA and Learning Records Service (LRS). Additionally, candidates' personal data may be provided to a central record of qualifications approved by the awarding bodies for statistical and policy development purposes.

6. Some of the information candidates supply will be used by the Skills Funding Agency to fulfil its statutory functions, issue/verify a candidate's Unique Learner Number (ULN) and update/check a candidate's Personal Learning Record.

The Skills Funding Agency may share a candidate's ULN and Personal Learning Record with other education related organisations, such as a careers service, a candidate's school or college, Government Departments and public bodies responsible for education. Further details of how information is processed and shared can be found at:

<http://www.learningrecordservice.org.uk/>

7. Awarding bodies are obliged to confirm what personal data is held, what it is held for, to whom the data is to/may be disclosed to, and disclose the information that they hold about data subjects, (e.g. the candidates) within 40 days of receiving a formal request for disclosure, subject to the application of any relevant exemptions under the Data Protection Act 1998.

Candidates should make an application to the appropriate awarding body's data protection officer. Awarding bodies may charge a fee for this service.

8. If you have not reached the age of 16, you may first wish to discuss this Privacy Notice with your parent or carer.

Awarding bodies, schools, Department for Education (DfE), Welsh Government (WG), Department of Education Northern Ireland (DE), Local Authorities, regulators, Ofsted, and Skills Funding Agency (SFA) are all 'data controllers' under the Data Protection Act 1998. They will determine the purpose(s) for which 'personal data' (information about living individuals from which they can be identified) is processed and the way in which that processing is undertaken.

It is a requirement for data controllers to provide data subjects (individuals who are the subject of personal data) with details of who they are, the purposes for which they process the personal data, and any other information that is necessary to make the processing of the personal data secure and accurate, including any third parties to whom it may be passed to.

Information for candidates
Using social media and examinations/assessments

Image by Patricia Jones

This document has been written to help you stay within examination regulations. Please read it carefully.

We all like to share our experiences when taking examinations. However, it is important to consider what you say and to think about what information is being shared.

Sharing ideas with others online could be helpful when you're studying or revising.

However, there are limits to the amount of information you can share and you need to be careful not to break the rules. We'd like to ask you to act responsibly when discussing online. If you're in doubt about what you can and can't discuss online regarding your exams, it's always best to check with your teacher.

If you receive what is or what looks to be assessment related information through social media, or any other means, you must tell your teacher or another member of staff. You must show them what you have received. They will then report the matter to the awarding body and it will be investigated.

Where candidates breach the rules for examinations, controlled assessments, coursework or non-examination assessments, awarding bodies have an obligation to investigate and may apply penalties.

You should be aware that the following might constitute malpractice:

- copying or allowing work to be copied – i.e. posting written work on social networking sites prior to an examination/assessment;
- collusion: working collaboratively with other candidates beyond what is permitted;
- allowing others to help produce your work or helping others with theirs;
- being in possession of confidential assessment related information in advance of the examination;
- exchanging, obtaining, receiving or passing on assessment related information by any means of communication (even if just attempting to);
- failing to report to your centre assessment related information being shared online; or
- passing on rumours of exam content.

Penalties that awarding bodies apply include:

- a written warning;
- the loss of marks for a section, component or unit;
- disqualification from a unit, all units or qualifications; or
- a ban from taking assessments or exams for a set period of time.
