

Aldermaston CE Primary School Accessibility Plan

Updated 19/2/15

Accessibility statement from Equality Information Document:

“Aldermaston CE Primary School is a single storey building with wide doors throughout. Door retainers conforming to health and safety requirements have been fitted on key routes to allow children and adults with mobility impairments to move freely through the school. The car park includes two disabled parking bays which allow step-free access to the building. Teaching staff plan for children’s needs to allow those with diagnosed and undiagnosed conditions comprehensive access to the curriculum, including PE and outdoor activities.

Further identified accessibility needs are addressed through an Accessibility Plan which is reviewed annually.”

Overall aim of accessibility plan: to increase the extent to which disabled pupils can participate in the school’s curriculum through improved access for pupils and their families to the school’s buildings and learning activities.

Specific aim	Action	Lead by	Budget	Timeline
Increase independence of mobility impaired pupil through school building	Install door retainers with automatic fire door release (DoorGard) to classroom doors, link doors and hall doors	BB (Installation by GH)	£100 per door X 13 doors = £1300 plus installation time	Complete by end Summer 2014
