All Parents and Carers, Pupils, and Staff

Dear All,

On behalf of the Governing Body of the School, I congratulate Mr Wieder and all school staff and pupils on the achievement represented by the outcome of the Ofsted inspection. The Governors know very well that this is not the fruit of just two days of inspection but of the consistent hard work and professionalism of Mr Wieder and the whole school staff over the last four years.

I wish that the entire school community could have heard the feedback that Mr Martlew, the lead inspector, gave to Governors and the Senior Leadership Team at the end of the inspection. I have never heard such consistently laudatory language used by anyone on any subject as I heard that evening; it almost brought me to tears.

I trust that all pupils, parents and carers will take pride in the knowledge of the strong impression pupils' high standards and expectations of behaviour and attitude to learning made on the inspectors. For myself, I am reminded just how privileged we are to have the education of our children in the hands of such an outstanding team of teachers and support staff.

Yours sincerely,

Stephen Lea
