22nd April 2025

Dear Parent/ Carer,

I hope that all families had an enjoyable break. It was great to see so many families attending the Eid and Easter assemblies in the last week of term. I thought the children performed extremely well in both performances.

We have five weeks in this half term and I am sure these will go fast, particularly with a number of events planned.

PTA Bags to School

Thank you to all of you that supported with this. We were able to recycle 322kg of clothing donations as well as raising £144.90.

Sun Safety

At this time of year, the UV level starts to climb and the risk of harm from the sun increases. As a guide to understanding UV levels, please see the table below:

UV index	Action
0 to 2	You can safely enjoy being outside!
3 to 7	Seek shade during midday hours! Slip on a shirt, slop on sunscreen and slap on hat!
8 and above	Avoid being outside during midday hours! Make sure you seek shade! Shirt, sunscreen and hat are a must

Usually at this time of the year, the UV level will be a minimum of 3 during lunchtimes, so we are strongly encouraging all children to bring in a hat and sunscreen (a minimum sun protection factor of 30 that the child can apply). Children may also bring a pair of sunglasses if they wish for lunchtimes. Please could any items brought in from home be named. We will also encourage children to spend at least some of their lunchtime in shaded areas when the UV level is high.

We will monitor UV levels daily and if they get particularly high, we will provide a room or rooms (depending on the temperature and UV level) on that particularly day where shelter from the sun can be offered.

Any type of hat will always be preferential over no hat at all. However, broad-brimmed, bucket style or legionnaire style hats offer the best sun protection as they adequately shade the face, neck, ears and cheeks.
