

Jupiter Homework Grid Autumn 1- Spatial Sense Due date: 02.11.26

Be a regular reader!

Read daily with either your individual reading book or one from home. Make sure you have your reading record book signed whenever you read so we can see all the super reading you are doing at home. Remember to also read your phonics book when it is sent home ready for the next week.

Reading books will be changed once they have been read 3 times to help improve reading fluency.

Be a word wizz!

Practise the spellings you are given each week. These are sent home and can also be found on the website. It has all the spellings for the next 19 weeks. We will also practice these during daily handwriting lessons.

Our aim is to spell all of these words correctly and consistently by the end of KS1.

Year 1: Please also focus on being able to spell the number words for zero to twenty.

Year 2: Please also focus on being able to spell the number words for zero to one-hundred.

Be a mathematician!

Year 1's lets be super mathematicians by practising our number bonds to 10. What numbers together make 10? You can find exciting games to support your learning with this on <http://tiny.cc/52pg7y>.

Year 2's let's practice our 0 and 1 times tables! Remember to learn up to multiplications of 12.

You can practice these however you would like! You may wish to write these down for example; $1 \times 2 = 2$. Or you may wish to write yourself some questions and then answer them. If you do this you will be practising number formation too.

Useful resources for times tables

[Times Tables Rock stars](#)

[Hit the Button](#)

Spirituality

Our spirituality heart represents the world we live in.

Can you make a picture of our world?

You could collect some leaves, feathers or twigs and make a collage.

You could even paint or draw a picture.

Share in our dojo for us all to see.

Be an Artist!

Whilst we are learning about our wonderful world we will be looking at the globe. Can you make your own paper mache globe that we can put up in our classroom?

Instructions:

1. Blow up and tie a balloon. .
2. Rip up pieces of newspaper.
3. Glue the pieces of paper to the globe using PVA glue.
4. Leave to dry.
5. Once dry, draw the outlines of the land.
6. Paint land green and paint the sea blue.

Be a Navigator!

Navigate is one of our key words this half-term. Help learn our vocabulary by becoming a navigator when you next go out for a walk, drive or any adventure with your friends or family. Take the lead and follow a map or directions to tell everybody where they need to go. Have fun by recording your route using a tablet, smartphone or video recorder. Then share in our dojo for us all to see.

I spy human and physical features...

This half-term we will be naming and locating human and physical features.

Physical features: Like seas, mountains and rivers are natural. They would be here even if there were no people around.

Human features: Like houses, roads and bridges are things that have been built by people.

Go for a human and physical features hunt. Draw and label the human and physical features that you can see. .

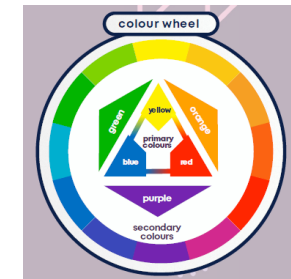

Be a Scientist!

Draw a picture of the human body and label the body parts.

Name the five senses and link them to the body parts.

Colour and Shape

In Art this half-term, we will be learning about Colour and Shape. Use a media of your choice to make your own colour wheel. Name the primary colours and secondary colours.

KEY VOCABULARY	
map	a 2-D picture that shows where places are located
globe	a 3-D representation of the world
navigate	to travel along a route , finding a way through
location	the place where something is
direction	the way something is moving or facing
ordnance survey	an organisation that produces maps in the UK
symbols	small pictures that are used on maps to represent features of a place
scale	the size of a map compared to the actual size of the area it is showing: maps are much smaller than the real places they show
equator	an imaginary line around the Earth that divides the Northern Hemisphere from the Southern Hemisphere

This homework grid gives a range of tasks that you can do with your child this half term.

Please prioritise the top three boxes that are marked with a star. These are the areas that can have a significant impact across all their learning. Where possible, homework tasks can be completed in homework books. It would be wonderful to see some photos/videos on Dojo too.

Please return your homework by Monday 2nd November 2026.
