We recognize the need for timely support in this key year and are gathering information about the students now. We are introducing a new form of academic tracking for students in year 11 that we feel would benefit from closer scrutiny and support at an earlier stage. If your child has been identified as needing this level of support we will contact you shortly with further information.

If you have any questions about this or anything else regarding your child please do not hesitate to contact us.

Yours sincerely

Carla Avison

Assistant Headteacher
Senior Link Year 11
