During the exam season it is absolutely essential that your child attends every examination. In addition, they should arrive at school early to access the additional booster sessions that will take place during tutor time each morning. Any student who fails to attend an exam will be issued with an exam entry fee to pay unless medical evidence can be provided to authorise the absence which can be sent to the Examination Board.

Our tutor time revision sessions in English and Maths will begin at 8:10am on Tuesday, Wednesday and Thursday with breakfast available for students to access. However, if students have an exam that morning in a different subject, they are encouraged to attend the subject specific booster session as detailed above.

You will have already received a copy of the Joint Council for Qualifications Examination rules and regulations. Please note and discuss with your child the importance of these rules and regulations and the potential consequences to them and their academic results if these rules and regulations are breached. As a school, we must report any infringements. The staff at school do not determine the consequence of any rule infringement that will be decided by the investigating officer at JCQ.

In some instances, the examinations in the afternoon will finish before the school day finishes at 3:00pm. Depending on the finish time of the examination it may be appropriate for us to allow students to leave the school site before the end of the published school day, although we would actively encourage all students to stay at school and attend the intervention sessions after school that evening. **If you do not give permission** for your child to leave the school site earlier than the published end of the school day on these afternoons, can you please contact Mrs. Hurley on s.hurley@ahs.omegamat.co.uk to make her aware of this. Any non-response from parents will be taken as consent to allow students to leave the site early under the direct instruction of a member of SLT.

As always, we will continue to support our students with overcoming and managing the challenges of the GCSE Examinations. As parents and carers, if you are worried about your child at any point during the exam season, please contact the school at the earliest opportunity and together we can work to provide your child with the support they need to complete the Summer Exam Series.

Miss N Bruns

Vice Principal - Student Outcomes
