

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Anson CE Primary School
Number of pupils in school	103
Proportion (%) of pupil premium eligible pupils	11%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2023
Date this statement was published	November 2022
Date on which it will be reviewed	November 2023
Statement authorised by	Nicola Jarrett
Pupil premium lead	Gemma Duffy
Governor / Trustee lead	Laura Kinvig

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£15,235
Recovery premium funding allocation this academic year	
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£15235

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery following the COVID-19 pandemic, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified

adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Please see our Pupil Premium policy

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attainment in Reading
2	Attainment in Mathematics
3	Attainment in Writing
4	Phonics
5	Spelling
6	Metacognition including Retrieval Practice
7	1-2-1 and small group support
8	Outdoor learning
9	IT support and software

10	Other: Extra-Curricular
11	Other: Wow moments enhancing the curriculum through visitors, trips and residential

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

	Intended outcome	Success criteria
1	To ensure our PP children are working at the ARE for reading	All target children to be heard and read on a daily basis. Reading for pleasure is embedded. Guided reading sessions and targeted interventions accelerate progress from individual starting points.
2	To ensure our PP children are working at the ARE for mathematics	Ensure quality, mastery questions are embedded in whole class teaching. CPD for teachers and support staff throughout the year. High quality resources (WhiteRose) to be purchased and used effectively, including workbooks. Teacher/TA intervention throughout each day based on the needs of children to address misconceptions. To ensure the gap between PP children and non-PP children is narrowed through regular afternoon intervention support from Teaching Assistants and teachers. Maths homework is set each week and pre teaching is taught for children with anxiety
3	To ensure our PP children are working at the ARE for writing	Regular writing intervention throughout the week including additional TA support in English lessons. Additional teacher intervention sessions for writing. Development of rich text resources to support our writing curriculum. Regular MAT and local school cluster moderation.
4	To embed synthetic phonics scheme (Monster Phonics) to ensure we achieve the national average expected standard.	Ensure all relevant staff (including new staff and TAs) have training to deliver the new phonics scheme completing Level 1 and Level 2 assessments. Additional CPD utilised throughout the academic year based on need. To develop a phonics champion to work with the phonics lead within the MAT. To ensure Monster phonics strategies and resources are used across the whole school including displays. To purchase additional Monster Phonics books to supplement the scheme purchased the previous year. To include interventions for children working below the standard. To include additional tutoring from NTP for children that failed the phonics test or at potential failure of the phonics test.
5	To ensure all children have quality teaching of spelling and spelling rules.	Ensure all teaching staff have training to deliver quality teaching of spelling. To develop spelling lessons in Years 3- 6. To develop the Spelling Bee to encourage children to practice spelling and retain spellings for application in writing. To purchase spelling books for all KS 1 children linked to Monster Phonics. To include interventions for children struggling with retaining spellings or rules for spelling

6	To ensure all our children understand the basic principle of metacognition and can plan, do review across all areas of the curriculum. They know what a good learner looks like and retrieve knowledge.	<p>Ensure all teaching staff receive CPD in metacognition through INSETs and staff meetings.</p> <p>All children are taught what a good learner looks like.</p> <p>All children are exposed to retrieval practice to embed prior learning and ensure knowledge remains long term</p> <p>Displays reflect metacognition across the whole school.</p> <p>Resources enhance metacognition and retrieval</p>
7	To improve standardised scores for disadvantaged pupils in all year groups across all subjects	<p>Improved progress and attainment through the above priorities and the effective use of the additional support staff across school.</p> <p>Inclusion Support</p> <p>1:1 and small group intervention support for looked after children PP+ and FSM children</p> <p>To ensure the gap between PP children and non-PP children is narrowed through regular afternoon intervention support from Teaching Assistants and/or teachers.</p>
8	To ensure our children are taught outdoors for at least 2 lessons a week.	<p>All children will have regular opportunities to learn outdoors, utilising our outdoor school area and learn outdoors.</p> <p>At least 2 opportunities are given to experience being taught in the outdoor classroom to encourage team building and self-esteem.</p> <p>Subscription to Muddy Puddle to enhance teaching in the outdoor classroom.</p> <p>CPD opportunities for teaching staff to deliver quality lessons.</p>
9	To ensure all KS2 (Y3/4) children have access to technology for learning both in school and at home.	<p>All children in Key Stage 2 have access to technology for home and school learning.</p> <p>To ensure all children have equal opportunities and equipment to narrow the gap.</p>
10	To ensure extra curricular activities are open to all children to encourage team building, relationships and confidence.	<p>Raise self-esteem and confidence, through weekly 1:1 and group nurture sessions, additional sporting, music and performing arts tasks where possible.</p> <p>Increase extra curricular activities for all PP children and non pupil premium children.</p> <p>Effective and regular targeted use of our ELSA (Emotional Literacy Support Assistant)</p>
11	To include 'wow moments' to enhance the curriculum	<p>To ensure our children experience 'wow moments' within the year enhancing the curriculum through visitors, trips and residential.</p> <p>All children will have an opportunity for enrichment activities and experiences linked to the curriculum.</p>
	Barriers to learning these priorities address	<p>Ensuring all staff deliver quality teaching on a daily basis and interventions are embedded on a daily basis. Time allocated to staff is awarded to ensure meaningful interventions take place. Resources are of a high quality for all lessons, interventions and nurture. These priorities will all support our children in becoming well-rounded, confident individuals and as such improve academically</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 600

Activity	Evidence that supports this approach	Challenge number(s) addressed
Metacognition whole school approach to teaching, retrieval and self regulated learning.	Evidence suggests the use of 'metacognitive strategies' – which get pupils to think about their own learning – can be worth the equivalent of an additional +7 months' progress when used well. The potential impact of these approaches is very high, particularly for disadvantaged pupils. Metacognition and Self-regulated Learning	6

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 11470

Activity	Evidence that supports this approach	Challenge number(s) addressed
Use of highly skilled and trained TA's to provide interventions. Reciprocal Reading WRM interventions Monster Phonics interventions FFT training - Reciprocal reading intervention WRM CPD for all TAs	Making Best Use of Teaching Assistants EEF If TAs have a direct instructional role it is important they add value to the work of the teacher, not replace them – the expectation should be that the needs of all pupils are addressed, first and foremost, through high quality classroom teaching. Schools should try and organise staff so that the pupils who struggle most have as much time with the teacher as others. Breaking away from a model of deployment where TAs are assigned to specific pupils for long periods requires more strategic approaches to classroom organisation. Instead, school leaders should develop effective teams of teachers and TAs, who understand their complementary roles in the classroom. Schools should use structured interventions with reliable evidence of effectiveness. Research on TAs delivering targeted interventions in one-to-one or small group settings shows a consistent impact on attainment of approximately three to four additional months' progress.	1,2,3,4,5,6,7
Phonic intervention and spelling strategy aligned to phonic teaching programme - Monster Phonics Purchase of a DfE validated Systematic Synthetic Phonics programme to secure stronger phonics teaching for all pupils.	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils: Phonics Toolkit EEF	1, 4, 5
Whole MAT IT strategy to support learning - purchase of Chromebooks for Pupil Premium Children	Technology should have a place in the classroom, but how technology can most effectively be integrated in ways which achieve improved outcomes for young people. New EEF guidance report published: 'Using Digital Technology to Improve Learning'	1,2, 3, 5, 8

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 3165

Activity	Evidence that supports this approach	Challenge number(s) addressed
----------	--------------------------------------	-------------------------------

<p>Develop outdoor learning and outdoor learning opportunities across the curriculum.</p> <p>Ensure all teaching staff are equipped to deliver quality teaching and experiences in the outdoors.</p> <p>Ensure all children receive support with costs of residential visits and school trips.</p> <p>Support peripatetic music lessons</p>	<p>Evidence from the EEF's Teaching and Learning Toolkit suggests that effective SEL can lead to learning gains of +4 months over the course of a year. Improving Social and Emotional Learning in Primary Schools</p>	<p>7,8,10,11</p>
---	--	------------------

Total budgeted cost: £ 15,235

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes*

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

**As the number of pupil premium pupils within school is so small, data analysis does not create a coherent picture. The number of children also lends itself to pupils being easily identified. Rigorous school data analysis on individual pupils is within our internal tracking system. Our end of key stage whole school results can be viewed on our [website](#)*

Review: last year's aims and outcomes

Aim	Outcome
<p>All target children to be heard read on a daily basis alongside a whole class reading scheme. Online resources to be used alongside follow up intervention.</p> <p>Morning registration reading and comprehension sessions with a teacher.</p> <p>Reading support to be linked to phonics across school.</p> <p>Guided reading sessions include reading for pleasure.</p>	<p>The children have all progressed from their starting points and achieved good results this year and are set for the new academic year.</p> <p>Reading has increased across the curriculum as well as whole class reading in KS2.</p> <p>Individual children have been heard read every day and guided reading has been linked to Monster Phonics.</p> <p>Reading for pleasure (ERIC) has been implemented across the school.</p>
<p>Ensure quality, mastery questions are embedded in whole class teaching. CPD for teachers and support staff throughout the year. High quality resources (WhiteRose) to be purchased and used effectively, including workbooks.</p> <p>Teacher/TA intervention throughout each week based on needs</p> <p>To ensure the gap between PP children and non-PP children is narrowed through regular afternoon intervention support from Teaching Assistants.</p> <p>Maths homework is set each week with follow up intervention in place if needed.</p>	<p>Mastery approach has been introduced across all year groups. Staff received CPD has been delivered. White Rose workbooks were purchased and ensured high quality resources and reduction in teaching times for photocopying.</p> <p>TA intervention and tutoring both by school staff and NTP implemented from Y1-6.</p> <p>RAPs all implemented for all children addressing misconceptions in maths as well as ensuring gaps in learning were filled.</p> <p>Both online and concrete homework was set weekly and pre teaching allowing all children to access the curriculum.</p>

<p>Regular writing intervention throughout the week including additional TA support in English lessons. Additional teacher intervention sessions for writing. Development of rich text resources to support our writing curriculum. Regular MAT and local school cluster moderation.</p>	<p>TA support continued in all classes during English lessons and interventions were implemented across all year groups. Rich texts were purchased for writing and formed the basis of English lessons too.</p> <p>Moderation continued across the MAT with a blended approach of online and face to face meetings.</p>
<p>Ensure all relevant staff (including new staff and TAs) have training to deliver the new phonics scheme.</p> <p>Additional CPD utilised throughout the academic year based on need.</p> <p>To become a Monster Phonics lead school to ensure high quality delivery and resources are available.</p> <p>To develop Phonics lead to work across MAT.</p> <p>To ensure Monster phonics strategies and resources are used across the whole school including displays.</p> <p>To give high quality, subject specific intervention to low attaining children to promote rapid progress in key basis skills</p>	<p>Initial training was delivered as an introduction to Monster Phonics.</p> <p>CPD was offered to staff that requested additional support through peer observations.</p> <p>Phonics' leadership was halted as the member no longer worked within the organisation.</p> <p>Displays reflected Monster phonics strategies across the whole school.</p> <p>Intervention was given to children in need of additional support to embed the learning and helped to close the gaps.</p>
<p>Improved progress and attainment through the above priorities and the effective use of the additional support staff across school.</p> <p>Inclusion Support</p> <p>1:1 and small group intervention support for looked after children PP+ and FSM children</p> <p>3 members of support staff (up to full time)</p> <p>To ensure the gap between PP children and non-PP children is narrowed through regular afternoon intervention support from Teaching Assistants</p>	<p>National Tutoring Programme as well as TAs provided 1-2-1 instruction plus small group tutoring before, after school as well as afternoon NTP 4 afternoons a week for 14 weeks.</p>
<p>All children in Key Stage 2 have access to technology for home and school learning.</p> <p>To ensure all children have equal opportunities and equipment to narrow the gap</p>	<p>All children as well as non pupil premium children had access to devices so that all children were able to complete work online as well as being able to complete homework tasks.</p>
<p>Raise self-esteem and confidence, through weekly 1:1 and group nurture sessions, additional sporting, music and performing arts tasks where possible.</p>	<p>Nurture sessions were carried out by 2 TAs and a teacher from NTP for all children requiring additional support to raise self confidence and raise self esteem.</p> <p>This was particularly successful enabling these children to participate in class.</p> <p>NTP also ensured music therapy was introduced and proved equally successful in raising self-esteem.</p>

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
n/a	

--	--

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	£320 - Small group tutoring after school x 2 Nurture group Outdoor wellbeing sessions - gardening club
What was the impact of that spending on service pupil premium eligible pupils?	Achieved expected standard in reading, writing and maths at the end of KS2. Improved relationships with peers.

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
