## RECYCLING:

Following the change in legislation from 1st April, regarding the control and collection of waste in businesses and schools.

The biggest change for us as a school has been the need for all our food waste to be collected separately from all other recyclable or other general waste.

As part of helping us to control and manage this, we requested that all those children on packed lunches took home all the waste created by their packed lunches - food, plastic, foil, cartons etc. Thank you for your support in this matter.
