

Archbishop Temple Church of England High School

Jesus Raises Lazarus From the Dead

³⁸ Jesus, once more deeply moved, came to the tomb. It was a cave with a stone laid across the entrance. ³⁹ "Take away the stone," he said.

"But, Lord," said Martha, the sister of the dead man, "by this time there is a bad odor, for he has been there four days." ⁴⁰ Then Jesus said, "Did I not tell you that if you believe, you will see the glory of God?"

⁴¹ So they took away the stone. Then Jesus looked up and said, "Father, I thank you that you have heard me. ⁴² I knew that you always hear me, but I said this for the benefit of the people standing here, that they may believe that you sent me." ⁴³ When he had said this, Jesus called in a loud voice, "Lazarus, come out!" ⁴⁴ The dead man came out, his hands and feet wrapped with strips of linen, and a cloth around his face. Jesus said to them, "Take off the grave clothes and let him go."

Message from Mr Catlow

As we come to the end of a very busy and successful term, I would like to take this opportunity to thank you for your continued support.

There is much to celebrate. Our students have benefited from a wide range of trips and visits, helping to bring their learning to life beyond the classroom. We have also seen fantastic participation in shows and performances, where students have demonstrated confidence, creativity and teamwork. Frozen was, I thought brilliant. Alongside this, our older pupils have been working incredibly hard in preparation for their GCSE examinations, showing real determination and maturity with the majority attending his years Easter school.

All of these achievements are only possible through the strong partnership between school and home, and I am very grateful for the encouragement and support you provide to your children each day. Looking ahead to next term, I am delighted to share that Mrs Wozniak-Rush will be joining us as Senior Assistant Headteacher. She will be a great addition to our senior leadership team and will quickly begin working in her specialist area of Curriculum and Teaching, helping to further strengthen the quality of education we provide. As we approach Easter, we are reminded of the Christian message at the heart of this season: hope, renewal and new life. Easter is a time to reflect and to look forward with optimism, recognising that after challenge comes growth and new beginnings. This is a message that resonates strongly within our school as we continue to support every young person to flourish.

I hope that the Easter break provides an opportunity for rest, family time and renewal, and we look forward to welcoming students back for the summer term. Thank you once again for your continued support.

Weekly News

Enjoying our Peaceful Chapel

All pupils in Year 7 and 8 have had the opportunity to attend the chapel during one of their RE lessons in recent weeks.

Pupils in Year 7 have been encouraged to reflect upon Jesus' journey to the cross. Pupils were able to travel around the chapel, completing a series of tasks, whilst being encouraged to reflect upon their own lives. They were asked to consider what they could learn about themselves, and others, from the journey and teachings of Jesus.

Pupils in Year 8 were encouraged to reflect upon what peace means to them. Pupils engaged in mature and sensitive discussions about the impact of war and conflict, looking at this on both a global scale and also from a more personal perspective. They also explored this through drama and crafts. This resulted in some very powerful 'freeze frames', which helped them to explore the impact of conflict on those who are directly and indirectly involved. Our chapel session ended with the creation of 'Doves of Hope' which are now proudly displayed in the chapel.

Amidst the busy day to day life of school, the chapel is always a warm and welcoming sanctuary for many. There are lots of activities planned for pupils throughout the year. Please do encourage your children to pop in!

STEM Racing

Last Friday saw our F1 team, Carbon Vortex attend its first invitational competition at Blackpool & Fylde College. Our Team Carbon Vortex set up and led by James were invited to the event in preparation for entry into the regional heats later this year.

Teams have to design and build a scale F1 car which is powered by a Co2 gas canister. A project that brings real-world skills to life, STEM Racing challenges students to apply STEM theory through hands-on design, engineering, and racing- a perfect blend of education and excitement.

Friday's competition was judged by engineering staff and Engineers from local companies. Having set up their exhibition highlighting the journey so far, team

organisation and goals they gave a five minute presentation to the judges and then had a question and answer session. The judges remark how well organised Carbon Vortex was and how much the team had clearly learned so far in the process of designing and engineering what proved to be a very fast car.

Once passed by scrutineers Carbon Vortex time to race came. Competing against three other teams our car proved to be the fastest on the day, to the delight of our engineers and college staff. Carbon Vortex have been invited back to

the college to make use of some of their equipment specifically the wind tunnel in the hope of some accurate data about air flow over the car at speed and how to reduce negative air.

If you would like to know more about Carbon Vortex please visit the teams website <https://carbonvortexracing.com/> especially if you would like to offer sponsorship or advice on CNC milling or 3D printing.

Year 9 & 10 Reading Leaders

Our Year 9 and 10 Reading Leaders recently took part in a training session ahead of their visit to a Sherwood primary school, where they shared picture books with Year 1 pupils. During the session, the students learned how to engage younger readers through expressive reading, using tone and pace to bring stories to life. They also explored strategies for asking simple comprehension questions, encouraging imagination, and supporting early literacy skills. The Reading Leaders are now well prepared and excited to inspire a love of reading in the younger children.

Room 15 - Lunch Time Fun

Lambs Bring Springtime Joy to School

This week, our pupils were treated to some very special visitors — ‘Bubble and Squeak’, a pair of lively spring lambs who spent the day in school as part of our learning activities. Their arrival created a wonderful buzz, giving pupils the chance to see the animals up close and learn more about how they are cared for.

Bubble & Squeak in their first photo shoot

Throughout the day, small groups of pupils were able to feed the lambs and gently stroke them, an experience that many described as the highlight of their week. For some, it was their first time interacting with farm animals, making the moment even more memorable.

The visit added a lovely touch of excitement to the end of a busy term, bringing smiles, curiosity, and a little bit of countryside charm into the classroom.

School Production - Frozen Jr.

Last week, *Frozen Jr.* took to the stage, and we couldn't be prouder of the resilience, commitment, and teamwork shown by everyone involved in bringing this heartwarming and breathtaking performance to life!

Almost 70 young people took part across the four performances, contributing through acting, dancing, singing, backstage management, and the operation of sound, microphones, and lighting. It has been a true privilege to watch our young people share their gifts and talents, both on stage and behind the scenes!

We were also delighted to welcome local primary school pupils for a special preview performance, followed by a Q&A session with our cast. This gave our performers a valuable opportunity to experience a live audience, while offering the visiting pupils a wonderful insight into both the joy and the hard work that went into bringing the production together.

Operation Creme Egg

Our fabulous local community has once again come together to ensure that every one of our pupils leaves school this Easter with a Crème Egg. The generosity this year has been incredible — we even received enough donations to share some with St Andrew's Primary School, making sure their children also enjoyed a special Easter treat. A huge thank you to the businesses listed below for their continued support and for helping us make sure no pupil misses out on an egg this Easter. Your kindness truly makes a difference.

Sporting Success

The U16 basketball team delivered an outstanding performance in the Lancashire Final on Monday, securing a dominant 123–93 victory in what was the highest scoring Lancashire final on record. It was a fitting and memorable way to conclude their high school basketball journey.

This group of boys began in Year 7 having never played basketball before. Remarkably, they came together quickly and went on to win the Lancashire Cup in their very first year. After progressing through group and knockout stages all over the county, the final came down to two schools, producing a classic St Vincent’s Road derby between Temple and Corpus.

Five years on, after a couple of near misses in their attempts to retain and reclaim the title, it was only fitting that their journey ended in the same fashion it began — with another St Vincent’s Road classic to decide the top team in Lancashire. This talented and dedicated group ensured they finished on a high, once again crowned champions this time with a whopping 30 points difference.

The final itself was a true showcase of teamwork. Miles W led the way in scoring and rebounding, while Ben H added a series of magical baskets. Sam A impressed with fast breaks and composed finishes, and

Harry M was dominant on the defensive end. Adonae D, Otis G-R, George O, and Michael O all made valuable contributions on both offence and defence. A special mention goes to Tom M, whose selfless and tireless defensive performance was a huge credit to him and the team.

Overall, it was a great way to finish the 5 years, we wish them luck in the future and hope they carry on their basketball journey.

Junior and Senior Easter Services

On Thursday, Rev Craig Abbott led our KS3 and KS4 eucharists and Easter Service at school. Rev Craig is the Head of Children, Youth and Chaplaincy and we were very lucky for him to join us in his engaging, reflective and inclusive service.

FoxtOn
LIFE & LEARN

3
THE ADULT SKILLS FUND

In Partnership with FoxtOn
Children and Young People's Mental Health Level 2

This course gives learners a practical understanding of children and young people's mental health. It explores common conditions, factors affecting wellbeing, and key laws that protect young people. Learners will also discover simple ways to support those at risk. This qualification is a great stepping stone into further mental health study or roles supporting children and young people.

This course is FREE to complete if you meet eligibility criteria for funding

 **What you will learn:**

- Learn about key factors and risks affecting mental health.
- Explore common mental health concerns in children and young people.
- Understand the impact on daily life and development.
- Gain practical skills to support young people facing mental health challenges.
- Understand key legislation and guidance around young people's mental health.
- Explore societal attitudes and their impact on mental health.
- Identify key influences such as puberty, bullying, and external pressures.
- Recognise behaviours that may indicate mental health concerns.
- Learn effective ways to support children and young people.

 **What you will get?**
Accredited Certification
Level 2 Children and Young Peoples Mental health

Induction & Start Date:
Friday 24th April
9.30am-2.30pm
7 Sessions Every Friday
Support Session available from 2.30pm-4pm

Location:
FoxtOn Youth and Community Centre, Knowsley Street Preston PR1 3SA
