Online safety and firefly

Mrs McLean

Online Safety

It is our vision here at Archbishop Temple Church of England High School that there is a **shared responsibility** for pupils' use of technology and their online safety. During the school day the schools MDM (Jamf) will manage iPads along with the ISP who is responsible for filtering inappropriate content on the Internet, this is done for the safety and safeguarding of pupils.

In addition to this there is an Online Safety area on Firefly for the pupils to use both in conjunction with lessons taught and to further their knowledge by using the wealth of resources and links to external sites.

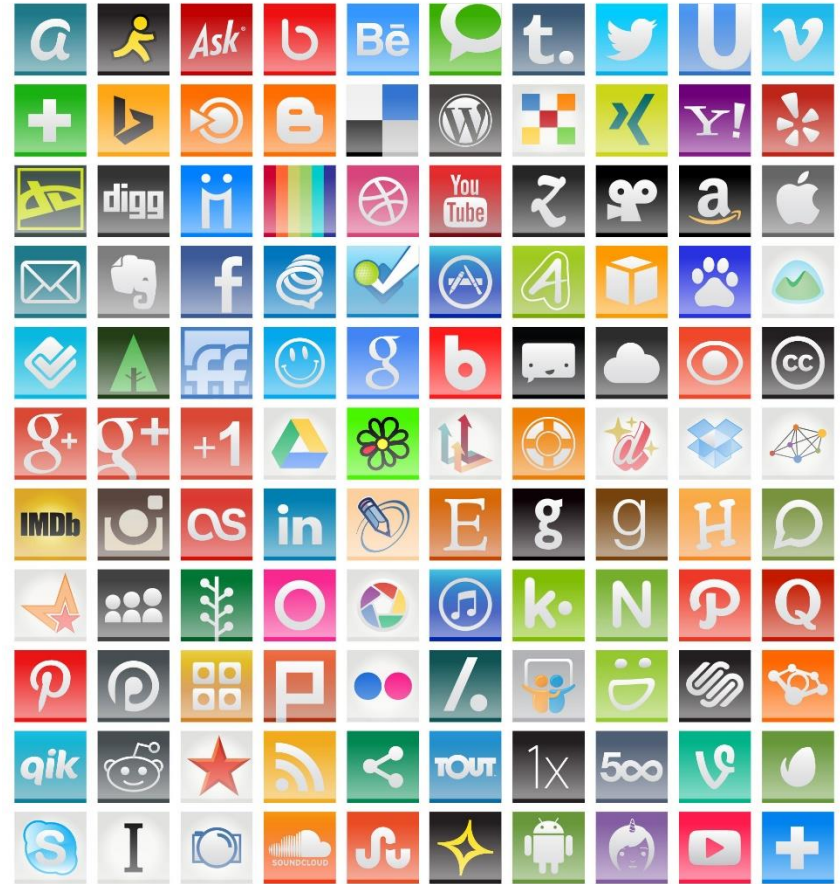

A shared responsibility

- Between the hours of 8.00am - 2.45pm
 - ATS MDM (Mobile Device Management) System will manage devices
- Between the hours of 2.45pm – 8.00am
 - Parents responsible for Online Safety
- Full support, advice and resources available on the School Website and on Firefly

Social Media

- Minimum age 13
- Not allowed in school at all
- Increased issues brought into school

USEFUL WEBSITES

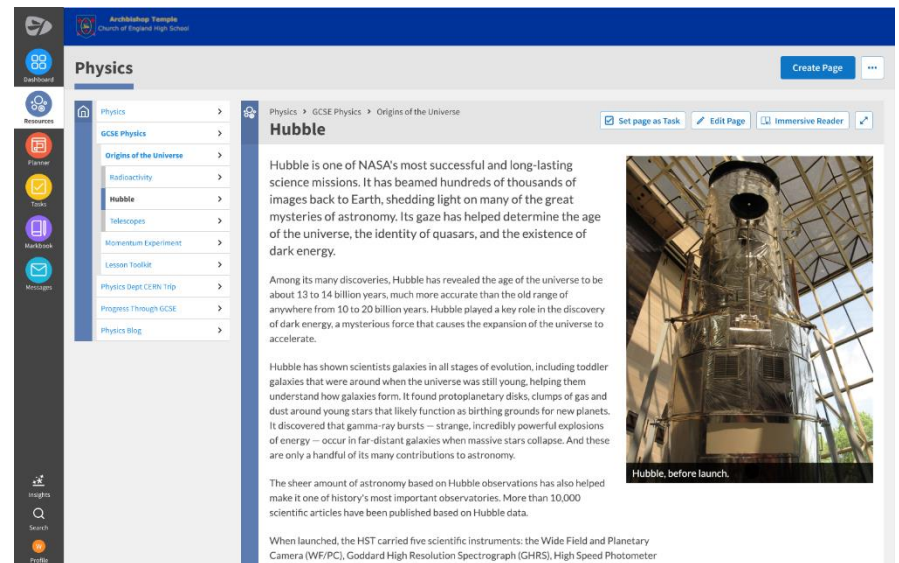

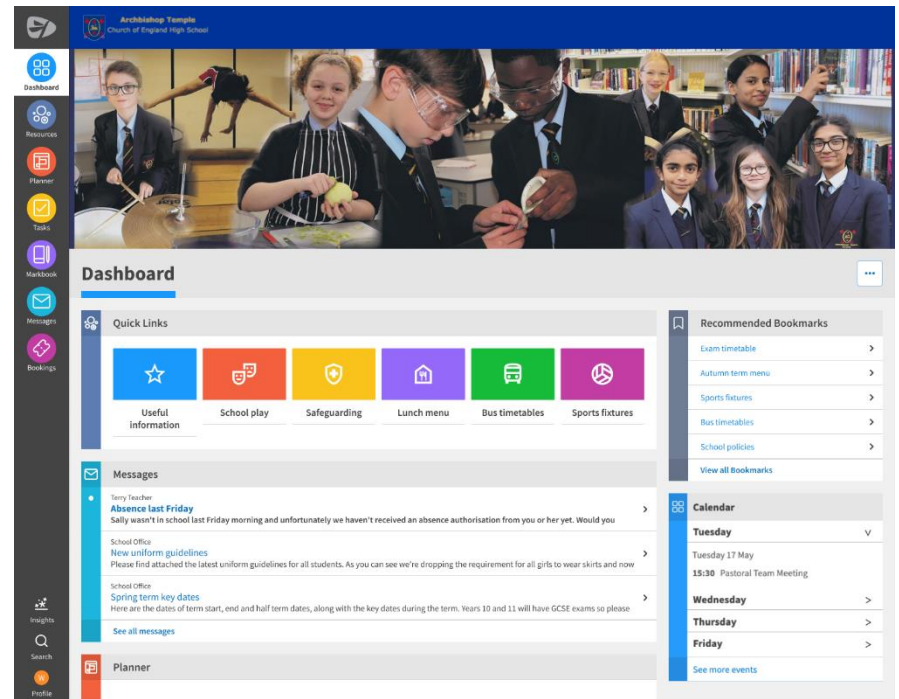

At Archbishop Temple School we recognise that the appropriate use of new technologies, both in the classroom and at home, provides our pupils with richer learning experiences. However, whilst we recognise the advantages of new technologies, as a school we are also acutely aware of its possible dangers.

New technologies are central to modern life and they enable us to have instant communication with one another. They allow for the rapid retrieval and collation of information from a wide range of sources, and provide a powerful stimulus for creativity. However, these technologies are also potentially damaging. They offer access to harmful and inappropriate materials and, because of the anonymity offered, they make young people vulnerable for harm and exploitation.

At Archbishop Temple School we have a managed system of filtering. We recognise both the benefits and potential dangers of
