

## GCSE Spelling List (1)

Here is a list of [101 words](#). If you don't know what they mean, look them up in a [dictionary](#). It's hard to say how many you should be able to spell if you're aiming for a particular grade, but we think that this is a good rule of thumb:

Grade	Correct Spelling
A*	90
A	85
B	75
C	65

Print the list and get someone to test you. When you spell something incorrectly:

1. write the word correctly **once**
2. look *carefully* at it
3. **cover** it up with your hand
4. *write* it out again
5. **repeat** this 5 times for each word you get wrong

Right, click [here](#) for the list. Good luck!
