Regional ITT Providers Community

A professional learning community for ITT providers and Maths Hub leadership

What is involved?

This community brings together ITT providers and Maths Hub leaders to form a regional professional learning community focused on enhancing maths provision and aligning it with the principles of teaching for mastery.

Participants will work together to review and develop organisational policies, curriculum design and mentor guidance, while exploring how to embed mastery-informed lesson design and feed back into ITT maths provision.

Who can take part?

All DfE-accredited ITT providers can nominate participants, who are responsible for leading maths provision. They will be joined by a representative from each Maths Hub's leadership team. Participants are expected to attend all online and regional sessions and to share learning with colleagues.

Find out more

Search **regional ITT providers community** online or contact your local Maths Hub:

Email - jspringhall@carmel.bhcet.org.uk

Benefits

- You will review and strengthen maths provision across ITT programmes
- You will have a deepening understanding of the teaching for mastery principles and how they directly relate to classroom practice
- You will have opportunities to work collaboratively across the region with ITT providers and Maths Hub leaders

The **community** is fully funded by the Maths Hubs Programme, so is **free** to participating institutions.
