Kim Ross

Message from the Work Group Lead Kim Ross who led our NCP25-27 SKTM Primary Teaching Assistants programme

I've absolutely loved the opportunity to run and deliver the SKTM Teaching Assistant Maths programme. It's incredibly rewarding, and being involved has really helped me deepen my mathematical understanding while continuing to grow my teacher-training skills.

I'm really grateful to be part of this work. From a CPD perspective, it's been brilliant, and I'm excited to keep learning, reflecting, and improving my practice. 🧡📚✨
